NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited in thousands, except share and per share data)

1. Description of the Business

Cimpress is a strategically focused group of more than a dozen businesses that specialize in mass customization, via which we deliver large volumes of individually small-sized customized orders for a broad spectrum of print, signage, photo merchandise, invitations and announcements, writing instruments, packaging, apparel and other categories. We invest in and build customer-focused, entrepreneurial mass customization businesses for the long term, which we manage in a decentralized, autonomous manner. Mass customization is a core element of the business model of each Cimpress business. We drive competitive advantage across Cimpress through a select few shared strategic capabilities that have the greatest potential to create Cimpress-wide value. We limit all other central activities to only those which absolutely must be performed centrally.

2. Summary of Significant Accounting Policies

The consolidated financial statements include the accounts of Cimpress plc, its wholly owned subsidiaries, entities in which we maintain a controlling financial interest, and those entities in which we have a variable interest and are the primary beneficiary. Intercompany balances and transactions have been eliminated. Investments in entities in which we cannot exercise significant influence, and the related equity securities do not have a readily determinable fair value, are accounted for using the cost method and are included in other assets on the consolidated balance sheets.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. We believe our most significant estimates are associated with the ongoing evaluation of the recoverability of our long-lived assets and goodwill, estimated useful lives of assets, share-based compensation, accounting for business combinations, and income taxes and related valuation allowances, among others. By their nature, estimates are subject to an inherent degree of uncertainty. Actual results could differ from those estimates.

Given the current and expected impact of the COVID-19 pandemic on our business, we evaluated our liquidity position as of the date of the issuance of these consolidated financial statements. Based on this evaluation, management believes, despite the ongoing impact of COVID-19 on our business, that our financial position, net cash provided by operations combined with our cash and cash equivalents and borrowing availability under our revolving credit facility, will be sufficient to fund our current obligations, capital spending, debt service requirements and working capital requirements over at least the next twelve months.

Significant Accounting Policies

Our significant accounting policies are described in Note 2 in our consolidated financial statements included in the Form 10-K for our year ended June 30, 2020. There have been no material changes to our significant accounting policies during the three and nine months ended March 31, 2021.

Other Income (Expense), Net

The following table summarizes the components of other income (expense), net:

	Three Months Ended March 31,		Nine Months Ended March 31,	
	2021	2020	2021	2020
Gains (losses) on derivatives not designated as hedging instruments (1)	\$ 18,724	\$ 18,039	\$ (13,791)	\$ 25,730
Currency-related (losses) gains, net (2)	(8,841)	3,950	(2,957)	3,183
Other (losses) gains	(98)	548	581	258
Total other income (expense), net	\$ 9,785	\$ 22,537	\$ (16,167)	\$ 29,171

(1) Primarily relates to both realized and unrealized gains and losses on derivative currency forward and option contracts and interest rate swaps not designated as hedging instruments, including gains of \$6,394 and \$6,759 for the three and nine months ended March 31, 2021, respectively, related to certain interest rate swap contracts that have been de-designated from hedge accounting due to their ineffectiveness, which had an immaterial impact in the comparative periods.

(2) We have significant non-functional currency intercompany financing relationships that we may change at times and are subject to currency exchange rate volatility. The currency-related (losses) gains, net are primarily driven by this intercompany activity for the periods presented. In addition, we have certain cross-currency swaps designated as cash flow hedges which hedge the remeasurement of certain intercompany loans; both are presented in the same component above. The unrealized gains related to cross-currency swaps for the three months ended March 31, 2021 were \$6,288, and the unrealized losses were \$5,233 for the nine months ended March 31, 2021, as compared to unrealized gains of \$1,807 and \$3,627 for the three and nine months ended March 31, 2020, respectively.

Net (Loss) Income Per Share Attributable to Cimpress plc

Basic net (loss) income per share attributable to Cimpress plc is computed by dividing net (loss) income attributable to Cimpress plc by the weighted-average number of ordinary shares outstanding for the respective period. Diluted net (loss) income per share attributable to Cimpress plc gives effect to all potentially dilutive securities, including share options, restricted share units ("RSUs"), warrants, and performance share units ("PSUs"), if the effect of the securities is dilutive using the treasury stock method. Awards with performance or market conditions are included using the treasury stock method only if the conditions would have been met as of the end of the reporting period and their effect is dilutive.

The following table sets forth the reconciliation of the weighted-average number of ordinary shares:

	Three Months Ended March 31,		Nine Months Ended March 31,	
	2021	2020	2021	2020
Weighted average shares outstanding, basic	26,003,675	26,024,229	25,984,300	27,608,387
Weighted average shares issuable upon exercise/vesting of outstanding share options/RSUs/warrants	—	—	—	709,053
Shares used in computing diluted net (loss) income per share attributable to Cimpress plc	26,003,675	26,024,229	25,984,300	28,317,440
Weighted average anti-dilutive shares excluded from diluted net (loss) income per share attributable to Cimpress plc (1) (2)	621,172	464,638	485,067	—

(1) On May 1, 2020, we entered into a financing arrangement with Apollo Global Management, Inc., which included 7-year warrants with a strike price of \$60 that have a potentially dilutive impact on our weighted average shares outstanding. For the three and nine months ended March 31, 2021, the weighted average anti-dilutive effect of the warrants was 412,473 and 348,973 shares, respectively. Refer to Note 9 for additional details about the arrangement.

(2) In the periods in which a net loss is recognized, the impact of share options, RSUs, RSAs and warrants is not included as they are anti-dilutive.

Lease Impairment and Abandonment Charges

During the three months ended March 31, 2021, we recorded lease impairment and abandonment charges related to two leased facilities that we will no longer occupy. The charges are described below. These changes will result in a substantial reduction in costs in future periods.

Waltham Lease Amendment

On January 6, 2021, we entered into an arrangement that modifies the lease agreement for our Waltham, Massachusetts office location, which results in us retaining a small portion of the previously leased office space in exchange for a reduction to our monthly rent payments for the space we will no longer lease. As part of the agreement, we are required to pay a total termination penalty of \$8,761 in two equal installments. The first installment was paid in January 2021 and the remaining amount was paid in April 2021. This termination penalty is inclusive of the rent that would have otherwise been paid through June 2021 when the office was not expected to be occupied.

The amendment is accounted for as a lease modification under ASC 842 - Leases. Due to the partial termination of the lease, we recorded a decrease to the operating lease liabilities of \$47,801 to reflect the reduced lease payments, including the termination penalties. We also recorded a decrease to the operating lease asset of \$46,645 based on the proportionate decrease in the right-of-use asset, which resulted in a gain of \$1,156, recognized in general and administrative expense on the consolidated statement of operations for the three months ended March 31, 2021.

Due to our plans to no longer occupy the remaining leased office space and instead market the space to be subleased, we identified a triggering event with regards to the modified right-of-use asset. Therefore, we performed a discounted cash flow analysis that considered market-based rent assumptions, which resulted in an impairment of the right-of-use asset of \$7,489 which was recognized in general and administrative expense on the consolidated statement of operations for the three months ended March 31, 2021. Additionally, we recorded an impairment to general and administrative expense for abandoned assets related to the vacated space totaling \$4,483, which included \$2,787 in subtenant allowances, \$1,312 in leasehold improvements, and \$384 in furniture and fixtures.

Other Lease Impairment

During the quarter ended March 31, 2021, we identified a triggering event due to a change in our intended use of the right-of-use asset of another one of our leased facilities, as we have committed to plans to exit the space and instead market it to be subleased or sold. We assessed the lease for impairment and performed a discounted cash flow analysis using current market-based rent assumptions, which resulted in an impairment of \$7,420 that was recognized in general and administrative expense on the consolidated statement of operations for the three months ended March 31, 2021. This impairment resulted in a decrease to the right of use asset totaling \$5,280 and to the related leasehold improvements included within property, plant and equipment totaling \$2,140. Additionally, we recorded an impairment for abandoned equipment in the amount of \$1,680 that was recognized in general and administrative expense for the three months ended March 31, 2021.

Income Taxes

During the three months ended December 31, 2020, the tax on Global Intangible Low-Taxed Income ("GILTI") provision of the Tax Cuts and Jobs Act became applicable to our operations. The FASB has provided that companies subject to GILTI have the option to account for the GILTI tax as a period cost if and when incurred, or to recognize deferred taxes for temporary differences, including outside basis differences, expected to reverse as GILTI. We elected to account for GILTI as a period cost, as incurred. We do not expect GILTI to have a material impact on our consolidated financial statements.

Recently Issued or Adopted Accounting Pronouncements

New Accounting Standards Adopted

In December 2019, the FASB issued Accounting Standards Update No. 2019-12 "Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes" (ASU 2019-12), which modifies certain aspects of income tax accounting. We early adopted the standard on July 1, 2020. For the nine months ended March 31, 2021, adopting ASU 2019-12 resulted in a \$2,545 increased tax expense in our consolidated financial statements, related to the intraperiod allocation rules. Under the intraperiod allocation rules, an entity generally allocates total income tax expense or benefit by first determining the amount attributable to continuing operations and then allocating the remaining tax expense or benefit to items other than continuing operations. An exception existed that required an entity with a loss from continuing operations to consider all components when determining the benefit from

continuing operations. ASU 2019-12 removes this exception.

In June 2016, the FASB issued Accounting Standards Update No. 2016-13 "Financial Instruments—Credit Losses (Topic 326)" (ASU 2016-13), which introduces a new accounting model for recognizing credit losses on certain financial instruments based on an estimate of current expected credit losses. We adopted the standard on its effective date of July 1, 2020. The standard did not have a material impact on our consolidated financial statements.

In March 2020, the FASB issued ASU 2020-04 "Reference Rate Reform ("ASC 848"): Facilitation of the Effects of Reference Rate Reform on Financial Reporting", which contains optional expedients and exceptions for applying GAAP to contracts, hedging relationships, and other transactions that reference LIBOR or another reference rate expected to be discontinued due to reference rate reform. We adopted the standard on October 1, 2020. We elected to amend our hedge documentation, without dedesignating and redesignating, for all outstanding cash flow hedges by applying two practical expedients. We elected the expedient in ASC 848-50-25-2 to assert probability of the hedged interest payments regardless of any expected modification in terms related to reference rate reform. In addition, we elected to continue the method of assessing effectiveness as documented in the original hedge documentation and elected to apply the expedient in ASC 848-50-35-17, so that the reference rate on the hypothetical derivative matches the reference rate on the hedging instrument. The standard did not have a material impact on our consolidated financial statements.

3. Fair Value Measurements

We use a three-level valuation hierarchy for measuring fair value and include detailed financial statement disclosures about fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- *Level 1*: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- *Level 2*: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets in markets that are not active and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The following tables summarize our assets and liabilities that are measured at fair value on a recurring basis and are categorized using the fair value hierarchy:

March 31, 2021				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

During the quarter ended March 31, 2021 and year ended June 30, 2020, there were no significant transfers in or out of Level 1, Level 2 and Level 3 classifications.

The valuations of the derivatives intended to mitigate our interest rate and currency risk are determined using widely accepted valuation techniques, including discounted cash flow analysis on the expected cash flows of each instrument. This analysis utilizes observable market-based inputs, including interest rate curves, interest rate volatility, or spot and forward exchange rates, and reflects the contractual terms of these instruments, including the period to maturity. We incorporate credit valuation adjustments to appropriately reflect both our own nonperformance risk and the respective counterparties' nonperformance risk in the fair value measurements. In adjusting the fair value of our derivative contracts for the effect of nonperformance risk, we have considered the impact of netting and any applicable credit enhancements.

Although we have determined that the majority of the inputs used to value our derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with our derivatives utilize Level 3 inputs, such as estimates of current credit spreads, to appropriately reflect both our own nonperformance risk and the respective counterparties' nonperformance risk in the fair value measurement. However, as of March 31, 2021, we have assessed the significance of the impact of the credit valuation adjustments on the overall valuation of our derivative positions and have determined that the credit valuation adjustments are not significant to the overall

valuation of our derivatives. As a result, we have determined that our derivative valuations in their entirety are classified in Level 2 in the fair value hierarchy.

As of March 31, 2021 and June 30, 2020, the carrying amounts of our cash and cash equivalents, accounts receivable, accounts payable and other current liabilities approximated their estimated fair values. As of March 31, 2021 and June 30, 2020, the carrying value of our debt, excluding debt issuance costs and debt premiums and discounts, was \$1,384,129 and \$1,482,177, respectively, and the fair value was \$1,426,307 and \$1,450,719, respectively. Our debt at March 31, 2021 includes variable-rate debt instruments indexed to LIBOR that resets periodically, as well as fixed-rate debt instruments. The estimated fair value of our debt was determined using available market information based on recent trades or activity of debt instruments with substantially similar risks, terms and maturities, which fall within Level 2 under the fair value hierarchy. The estimated fair value of assets and liabilities disclosed above may not be representative of actual values that could have been or will be realized in the future.

4. Derivative Financial Instruments

We use derivative financial instruments, such as interest rate swap contracts, cross-currency swap contracts, and currency forward and option contracts, to manage interest rate and foreign currency exposures. Derivatives are recorded in the consolidated balance sheets at fair value. If the derivative is designated as a cash flow hedge or net investment hedge, then the change in the fair value of the derivative is recorded in accumulated other comprehensive loss and subsequently reclassified into earnings in the period the hedged forecasted transaction affects earnings. Additionally, any ineffectiveness associated with an effective and designated hedge is recognized within accumulated other comprehensive loss.

The change in the fair value of derivatives not designated as hedges is recognized directly in earnings as a component of other income (expense), net.

Hedges of Interest Rate Risk

We enter into interest rate swap contracts to manage variability in the amount of our known or expected cash payments related to a portion of our debt. Our objective in using interest rate swaps is to add stability to interest expense and to manage our exposure to interest rate movements. We designate our interest rate swaps as cash flow hedges. Interest rate swaps designated as cash flow hedges involve the receipt of variable amounts from a counterparty in exchange for us making fixed-rate payments over the life of the contract agreements without exchange of the underlying notional amount. Realized gains or losses from interest rate swaps are recorded in earnings as a component of interest expense, net.

Amounts reported in accumulated other comprehensive loss related to interest rate swap contracts will be reclassified to interest expense, net as interest payments are accrued or made on our variable-rate debt. As of March 31, 2021, we estimate that \$10,439 will be reclassified from accumulated other comprehensive loss to interest expense during the twelve months ending March 31, 2022. As of March 31, 2021, we had ten outstanding interest rate swap contracts indexed to USD LIBOR all of which are no longer highly effective and have therefore been de-designated. These hedges have varying start dates and maturity dates through December 2026.

Interest rate swap contracts outstanding:	Notional Amounts	
Contracts accruing interest as of March 31, 2021	\$	500,000
Contracts with a future start date		50,000
Total	\$	550,000

Hedges of Currency Risk

Cross-Currency Swap Contracts

From time to time, we execute cross-currency swap contracts designated as cash flow hedges or net investment hedges. Cross-currency swaps involve an initial receipt of the notional amount in the hedge currency in exchange for our reporting currency based on a contracted exchange rate. Subsequently, we receive fixed rate payments in our reporting currency in exchange for fixed rate payments in the hedged currency over the life of the

contract. At maturity, the final exchange involves the receipt of our reporting currency in exchange for the notional amount in the hedged currency.

Cross-currency swap contracts designated as cash flow hedges are executed to mitigate our currency exposure to the interest receipts as well as the principal remeasurement and repayment associated with certain intercompany loans denominated in a currency other than our reporting currency, the U.S. dollar. As of March 31, 2021, we had two outstanding cross-currency swap contracts designated as cash flow hedges with a total notional amount of \$120,874, both maturing during June 2024. We entered into the two cross-currency swap contracts to hedge the risk of changes in one Euro-denominated intercompany loan entered into with one of our consolidated subsidiaries that has the Euro as its functional currency.

Amounts reported in accumulated other comprehensive loss will be reclassified to other income (expense), net as interest payments are accrued or paid and upon remeasuring the intercompany loan. As of March 31, 2021, we estimate that \$2,623 of income will be reclassified from accumulated other comprehensive loss to interest expense, net during the twelve months ending March 31, 2022.

Other Currency Contracts

We execute currency forward and option contracts in order to mitigate our exposure to fluctuations in various currencies against our reporting currency, the U.S. dollar.

As of March 31, 2021, we had five currency forward contracts designated as net investment hedges with a total notional amount of \$149,604, maturing during various dates through April 2023. We entered into these contracts to hedge the risk of changes in the U.S. dollar equivalent value of a portion of our net investment in two consolidated subsidiaries that have the Euro as their functional currency. Amounts reported in accumulated other comprehensive loss are recognized as a component of our cumulative translation adjustment.

We have elected to not apply hedge accounting for all other currency forward and option contracts. During the three and nine months ended March 31, 2021 and 2020, we have experienced volatility within other income (expense), net in our consolidated statements of operations from unrealized gains and losses on the mark-to-market of outstanding currency forward and option contracts. We expect this volatility to continue in future periods for contracts for which we do not apply hedge accounting. Additionally, since our hedging objectives may be targeted at non-GAAP financial metrics that exclude non-cash items such as depreciation and amortization, we may experience increased, not decreased, volatility in our GAAP results as a result of our currency hedging program.

As of March 31, 2021, we had the following outstanding currency derivative contracts that were not designated for hedge accounting and were used to hedge fluctuations in the U.S. dollar value of forecasted transactions or balances denominated in Australian Dollar, British Pound, Canadian Dollar, Danish Krone, Euro, Indian Rupee, Japanese Yen, Mexican Peso, New Zealand Dollar, Norwegian Krone, Philippine Peso, Swiss Franc and Swedish Krona:

Notional Amount	Effective Date	Maturity Date	Number of Instruments	Index

Goodwill Recoverability Assessment

During the third quarter of fiscal 2021, we evaluated whether any triggering events exist across each of our reporting units to determine whether an impairment analysis is necessary. We identified triggering events for our Druck, Easyflyer and Exaprint reporting units, due in part to the reemergence of new pandemic-related lockdowns and restrictions in certain European countries which has resulted in a more prolonged reduction to cash flows when compared to the cash flows forecasted in our most recent impairment analysis that was performed during the third quarter of fiscal 2020.

As required, prior to performing the quantitative goodwill impairment test, we first evaluated the recoverability of long-lived assets as the change in expected long-term cash flows is indicative of a potential impairment. We performed the recoverability test using undiscounted cash flows for the asset groups of all three reporting units and concluded that no impairment of long-lived assets exists.

After performing the long-lived assets recoverability test, we performed a quantitative assessment of goodwill of the three reporting units and compared the carrying value to the estimated fair value. For each reporting unit, the estimated fair value of the reporting unit exceeded the related carrying value and we concluded that no impairment exists. We used the income approach, specifically the discounted cash flow method, to derive the fair value. This approach calculates fair value by estimating the after-tax cash flows attributable to a reporting unit and then discounting the after-tax cash flows to a present value using a risk-adjusted discount rate. We selected this method as being the most meaningful in preparing our goodwill assessment as we believe the income approach most appropriately measures our income producing assets. We considered using the market approach but concluded it was not appropriate in valuing these particular reporting units given the lack of relevant market comparisons available.

The cash flow projections in the fair value analysis are considered Level 3 inputs, and consist of management's estimates of revenue growth rates and operating margins, taking into consideration historical results, as well as industry and market conditions. Our goodwill analysis requires significant judgment, including the identification of reporting units and the amount and timing of expected future cash flows. While we believe our assumptions are reasonable, actual results could differ from our projections.

Although some of our businesses are experiencing more prolonged impacts that we expect will have a negative impact on near-term cash flows, we believe that these negative impacts are temporary. We did not identify triggering events for the reporting units that are performing better than previously estimated or maintained significant headroom in our most recent analysis.

Fiscal 2020

During the third quarter of fiscal 2020, nearly all of our businesses had experienced significant declines in revenue during the month of March, due to the disruptions associated with the COVID-19 pandemic. As a result, we concluded that a triggering event existed for all ten reporting units with goodwill, which required us to perform an impairment test in the current quarter. We estimated the near-term financial impacts of this economic disruption and

utilized different scenarios that evaluate outcomes that would indicate more or less severe demand declines, as well as different time horizons for the post-pandemic recovery period.

For seven of our reporting units, a significant level of headroom existed between the estimated fair value and carrying value of the reporting units at our May 31, 2019 test date, and significant headroom remained after considering the deterioration in cash flow due to COVID-19 or the reporting unit was recently acquired, resulting in no indication of impairment. For three of our reporting units, we identified triggering events that extend beyond the near-term impacts of the pandemic, which include reductions to the long-term profitability outlooks for our Exaprint, National Pen and VIDA reporting units. As a result of the considerations noted, we concluded it was more likely than not that the fair value of each of these three reporting units are below each of their respective carrying amount.

Our goodwill impairment test resulted in impairment charges to our Exaprint reporting unit, included within The Print Group reportable segment, the National Pen reporting unit, and our VIDA reporting unit, included within our All Other Business reportable segment. Based on the goodwill impairment test performed, we recognized the following impairment charges during the three months ended March 31, 2020:

- A partial impairment of the goodwill of our Exaprint reporting unit of \$40,391
- A full impairment of the goodwill of our National Pen reporting unit of \$34,434
- A full impairment of the goodwill of our VIDA reporting unit of \$26,017

7. Business Combinations

On October 1, 2020, we acquired 99designs, Inc. and its subsidiaries ("99designs"), a global creative platform for graphic design. We acquired all outstanding shares of the company for a purchase price of \$90,000, subject to a post-closing adjustment based on acquired cash, debt, and working capital as of the closing date. We paid \$45,000 in cash at closing and will pay the remaining purchase consideration, including the post-closing adjustment, on February 15, 2022. The acquisition is managed within our Vistaprint business and provides a global platform that connects designers and clients, making it easier for small businesses to access both professional design services and marketing products in one place.

The table below details the consideration transferred to acquire 99designs:

Cash consideration (paid at closing)	\$	45,000
Fair value of deferred payment		43,381
Final post closing adjustment		310
Total purchase price	\$	<u>88,691</u>

We recognized the assets and liabilities on the basis of their fair values at the date of the acquisition with any excess of the purchase price paid over the fair value of the net assets recorded as goodwill, which is primarily attributable to the synergies that we expect to achieve through the acquisition. The goodwill balance has been attributed to the Vistaprint reportable segment and the portion of such goodwill balance that is deductible for tax purposes is \$19,667. Additionally, we identified and valued 99designs intangible assets which include their trade name, designer network, and developed technology.

The fair value of the assets acquired and liabilities assumed was:

	Amount	Weighted Average Useful Life in Years
Tangible assets acquired and liabilities assumed:		
Cash and cash equivalents	\$ 8,603	n/a
Accounts receivable, net	494	n/a
Prepaid expenses and other current assets	1,167	n/a
Property, plant and equipment, net	73	n/a
Other assets	142	n/a
Accounts payable	(220)	n/a
Accrued expenses	(6,679)	n/a
Deferred revenue	(5,806)	n/a
Other liabilities (1)	(625)	n/a
Identifiable intangible assets:

Developed technology	13,400	3 years
Designer network	5,800	7 years
Goodwill (1)	70,792	n/a
Total purchase price	\$ 88,691	n/a

(1) During the third quarter of fiscal 2021 we recorded a measurement period adjustment totaling \$609 to other liabilities which was offset against goodwill.

99designs has been included in our consolidated financial statements starting on its acquisition date. The revenue and earnings of 99designs included in our consolidated financial statements for the three and nine months ended March 31, 2021 are not material, and therefore no proforma financial information is presented. We used our credit facility to finance the acquisition. In connection with the acquisition, we incurred \$1,183 in general and administrative expenses during the nine months ended March 31, 2021, primarily related to legal, financial, and other professional services.

8. Other Balance Sheet Components

Accrued expenses included the following:

	March 31, 2021	June 30, 2020
Compensation costs	\$ 74,170	\$ 67,307
Income and indirect taxes	52,054	53,161
Advertising costs (1)	28,401	14,746

Purchases of property, plant and equipment	1,292	1,685
Other	59,740	44,796
Total accrued expenses	\$ 265,593	\$ 210,764

(1) The increase in advertising costs is primarily due to expanded return thresholds for performance advertising channels in our Vistaprint business as compared to the fourth quarter of fiscal 2020, in addition to investment in upper-funnel advertising.

(2) The increase in interest payable as of March 31, 2021, is due to the interest on our 2026 Notes being payable semi-annually on June 15 and December 15 of each year. Refer to Note 9 for further detail.

Other current liabilities included the following:

	March 31, 2021	June 30, 2020
Current portion of finance lease obligations	\$ 9,336	\$ 8,055
Short-term derivative liabilities	19,417	3,521
Other (1)	48,916	1,692
Total other current liabilities	\$ 77,669	\$ 13,268

(1) The increase in other current liabilities is driven by the deferred payment related to the 99designs acquisition totaling \$43,691, which was included in other long-term liabilities as of December 31, 2020. Refer to Note 7 for additional details.

Other liabilities included the following:

	March 31, 2021	June 30, 2020

Our Debt

Our various debt arrangements described below contain customary representations, warranties and events of default. As of March 31, 2021, we were in compliance with all financial and other covenants under the amended credit agreement (which have been reinstated with modified terms, as described below), the indenture governing our 2026 Notes, and the indenture governing our Second Lien Notes.

Senior Secured Credit Facility

On April 28, 2020, we entered into an amendment to our senior secured credit agreement to suspend our pre-existing maintenance covenants, including the total and senior secured leverage covenants and interest coverage ratio covenant, until the earlier of the date on which we published our financial results for the quarter ending December 31, 2021 and the date on which we elected to exit the Covenant Suspension Period. On February 16, 2021, we elected to end the Covenant Suspension Period early, and amended our financial maintenance covenants through and including the quarter ending September 30, 2022. A summary of these changes are as follows:

- Maximum Leverage Ratio of Consolidated Total Indebtedness to Consolidated EBITDA for the four trailing fiscal quarters of 5.25 to 1.00 during the period from February 16, 2021 through and including September 30, 2022 (the "Covenant Adjustment Period") and 4.75 to 1.00 following the Covenant Adjustment Period

- Maximum Senior Secured Leverage Ratio of Consolidated Senior Secured Indebtedness to Consolidated EBITDA for the four trailing fiscal quarters of 3.00 to 1.00 during the Covenant Adjustment Period and 3.25 to 1.00 following the Covenant Adjustment Period
- Minimum Interest Coverage Ratio of Consolidated EBITDA to Consolidated Interest Expense to the extent paid in cash, in each case for the four trailing fiscal quarters, of 3.00 to 1.00, but if Cimpress repays in full its 12.0% Senior Secured Notes Due 2025, then the calculation of Consolidated Interest Expense excludes all cash interest expense in respect of such Second Lien Notes incurred in the fiscal quarter during which the Second Lien Notes are repaid as well as the three preceding fiscal quarters

In addition, the February 2021 amendment modified several of the negative covenants that limit certain activities and actions of our business, including but not limited to removing most of the more restrictive limitations on investments, acquisitions, and restricted payments that were in place during the Covenant Suspension Period.

The maturity date was not changed as part of the February 2021 amendment and remains in November 2024, but will reset to February 2025 upon redemption of our senior secured notes. Additionally, the capacity of our senior secured credit facility was not changed and includes an \$850,000 revolver and \$142,500 term loan.

As of March 31, 2021, we have drawn commitments under the credit facility of \$471,500 as follows:

- Revolving loans of \$329,000 with a maturity date of November 15, 2024
- Term loans of \$142,500 amortizing over the loan period, with a final maturity date of November 15, 2024

As of March 31, 2021, the weighted-average interest rate on outstanding borrowings was 5.41%, inclusive of interest rate swap rates. We are also required to pay a commitment fee on unused balances of 0.35% to 0.50% depending on our total leverage ratio. We have pledged the assets and/or share capital of a number of our subsidiaries as collateral for our outstanding debt as of March 31, 2021.

Second Lien Notes

On May 1, 2020, we completed a private placement of \$300,000 in aggregate principal of 12% second lien notes due 2025 (the "Second Lien Notes") and warrants to funds managed by affiliates of Apollo Global Management, Inc. (the "Apollo Funds"). These Second Lien Notes and warrants were issued at a discount of \$6,000, resulting in net proceeds of \$294,000. We used the proceeds to pay down a portion of the term loans under our senior secured credit facility and to pay fees and expenses incurred in connection with the financing and the above-described amendment.

The Second Lien Notes bear interest at 12% per annum, 50% of which can be paid-in-kind at our option, and mature on May 15, 2025. We may prepay the Second Lien Notes in whole or in part after the first anniversary with a 3% premium, after the second anniversary with a 1% premium, and after the third anniversary with no premium with proceeds from certain debt financings. We intend to prepay the Second Lien Notes on the first call date in May 2021.

Each of Cimpress subsidiaries that guarantees our obligations under our senior secured credit agreement guarantees the Second Lien Notes. The Second Lien Notes and the guarantees thereof rank equal in right of payment with existing and future senior indebtedness of Cimpress, including Cimpress' and the subsidiary guarantors' obligations under the senior secured credit agreement, and are secured by the same assets securing Cimpress' and the subsidiary guarantors' obligations under the senior secured credit agreement on a second lien basis subject to limited exceptions and the terms of the intercreditor agreement among Cimpress, the subsidiary guarantors, JPMorgan Chase Bank, N.A. as administrative agent under the senior secured credit agreement, and U.S. Bank National Association as collateral agent under the indenture for the Second Lien Notes.

The Apollo Funds also received 7-year warrants to purchase 1,055,377 ordinary shares of Cimpress, representing approximately 3.875% of our outstanding diluted ordinary shares at the time of issuance. Based on the terms of the purchase agreement, the two instruments exist separately and should be treated as separate securities; therefore the warrants are considered to be detachable.

The warrants have an exercise price of \$60 per share, representing an approximately 17% premium to the 10-day volume weighted average price of our shares as of April 28, 2020. The warrants are classified as equity as they are strictly redeemable in our own shares, and they may be exercised by cash payment or through cashless exercise by the surrender of warrant shares having a value equal to the exercise price of the portion of the warrant being exercised.

Senior Unsecured Notes

We have issued \$600,000 in aggregate principal of 7.0% senior unsecured notes due 2026 (the "2026 Notes"). We have the right to redeem, at any time prior to June 15, 2021, some or all of the 2026 Notes at a redemption price equal to 100% of the principal amount redeemed, plus a make-whole amount as set forth in the indenture, plus accrued and unpaid interest to, but not including, the redemption date. In addition, we have the right to redeem, at any time prior to June 15, 2021, up to 40% of the aggregate outstanding principal amount of the 2026 Notes at a redemption price equal to 107% of the principal amount thereof, plus accrued and unpaid interest to, but not including, the redemption date, with the net proceeds of certain equity offerings by Cimpres. At any time on or after June 15, 2021, we may redeem some or all of the 2026 Notes at the redemption prices specified in the indenture, plus accrued and unpaid interest to, but not including, the redemption date.

Other Debt

Other debt consists primarily of term loans acquired through our various acquisitions or used to fund certain capital investments. As of March 31, 2021 and June 30, 2020, we had \$12,629 and \$11,694, respectively, outstanding for those obligations that are payable through January 2026.

10. Income Taxes

Our income tax expense was \$3,927 and \$23,675 for the three and nine months ended March 31, 2021, respectively, compared to income tax expense of \$1,039 for the three months ended March 31, 2020, and income tax benefit of \$86,641 for the nine months ended March 31, 2020. For the period ended March 31, 2020, we calculated our year-to-date income tax on ordinary income based on the actual year-to-date effective tax rate rather than the estimated annual tax rate. The increased tax expense for the three months ended March 31, 2021 was primarily due to a higher forecasted effective tax rate as compared to the actual effective tax rate for the same prior year period. In the nine months ended March 31, 2020, we recognized a discrete tax benefit of \$114,114 related to Swiss Tax Reform. Excluding this benefit, tax expense would have decreased, primarily attributable to decreased pre-tax income for the nine months ended March 31, 2021 as compared to the same prior year period. Excluding the effect of discrete tax adjustments, our estimated annual effective tax rate is higher for fiscal 2021 as compared to fiscal 2020, primarily due to increased non-deductible interest expense and a less favorable mix of earnings. Our effective tax rate continues to be negatively impacted by losses in certain jurisdictions where we are unable to recognize a tax benefit in the current period.

During the nine months ended March 31, 2021, our unrecognized tax benefits increased by \$8,264, primarily due to tax positions taken in prior periods for which we have determined it is more likely than not that they will not be sustained upon audit. As of March 31, 2021, we had unrecognized tax benefits of \$14,495, including accrued interest and penalties of \$914. We recognize interest and, if applicable, penalties related to unrecognized tax benefits in the provision for income taxes. If recognized, \$8,051 of unrecognized tax benefits would reduce our tax expense. It is reasonably possible that a reduction in unrecognized tax benefits may occur within the next twelve months related to the lapse of applicable statutes of limitations, but we expect any such reduction to be immaterial. We believe we have appropriately provided for all tax uncertainties.

We conduct business in a number of tax jurisdictions and, as such, are required to file income tax returns in multiple jurisdictions globally. The years 2014 through 2020 remain open for examination by the IRS and the years 2015 through 2020 remain open for examination in the various states and non-US tax jurisdictions in which we file tax returns. We believe that our income tax reserves are adequately maintained, taking into consideration both the technical merits of our tax return positions and ongoing developments in our income tax audits. However, the final determination of our tax return positions, if audited, is uncertain, and there is a possibility that final resolution of these matters could have a material impact on our results of operations or cash flows.

11. Noncontrolling Interests

For some of our subsidiaries, we own a controlling equity stake, and a third party or key member of the business' management team owns a minority portion of the equity. The balance sheet and operating activity of these entities are included in our consolidated financial statements and we adjust the net income in our consolidated statement of operations to exclude the noncontrolling interests' proportionate share of results. We present the proportionate share of equity attributable to the redeemable noncontrolling interests as temporary equity within our consolidated balance sheet and the proportionate share of noncontrolling interests not subject to a redemption provision that is outside of our control as equity. We recognize redeemable noncontrolling interests at fair value on the sale or acquisition date and adjust to the redemption value on a periodic basis with the offset to retained earnings in the consolidated balance sheet. If the formulaic redemption value exceeds the fair value of the noncontrolling interest, then the accretion to redemption value is offset to the net (income) loss attributable to noncontrolling interest in our consolidated statement of operations.

Redeemable Noncontrolling Interests

PrintBrothers

Members of the PrintBrothers management team hold a minority equity interest ranging from 11% to 12% in each of the three businesses within the segment. The put options associated with the redeemable noncontrolling interest are exercisable beginning in 2021, while the associated call options become exercisable in 2026. As of March 31, 2021, the redemption value was less than the carrying value, and therefore no adjustment was required. During the second quarter of fiscal 2021, we repurchased equity interests ranging from 0.56% to 1.15% in each of the three businesses for a total of \$5,063.

All Other Businesses

On October 1, 2018, we acquired approximately 99% of the outstanding equity interests of BuildASign LLC. The remaining 1% is considered a redeemable noncontrolling equity interest, as it is redeemable for cash based on future financial results through put and call rights and not solely within our control. During the nine months ended March 31, 2021, the redemption value increased above the carrying value due to continued strong financial performance, resulting in an adjustment to the redeemable noncontrolling interest of \$966, which was recognized as an adjustment to retained earnings.

The following table presents the reconciliation of changes in our redeemable noncontrolling interests:

	Redeemable noncontrolling interests
Balance as of June 30, 2020	\$ 69,106
Accretion to redemption value recognized in retained earnings	1,086
Net income attributable to noncontrolling interest	2,500
Distribution to noncontrolling interest	(4,599)
Purchase of noncontrolling interest	(5,063)
Foreign currency translation	1,220
Balance as of March 31, 2021	\$ 64,250

12. Segment Information

Our operating segments are based upon the manner in which our operations are managed and the availability of separate financial information reported internally to the Chief Executive Officer, who is our Chief Operating Decision Maker ("CODM") for purposes of making decisions about how to allocate resources and assess performance.

As of March 31, 2021, we have numerous operating segments under our management reporting structure which are reported in the following five reportable segments:

- *Vistaprint* - Includes the operations of our global Vistaprint websites and our Webs-branded business, which is managed with the Vistaprint-branded digital business. Also included is our Vistaprint Corporate Solutions business which serves medium-sized businesses and large corporations, our 99designs business which

was acquired on October 1, 2020, as well as a legacy revenue stream with retail partners and franchise businesses.

- *PrintBrothers* - Includes the results of our druck.at, Printdeal, and WIRmachenDRUCK businesses.
- *The Print Group* - Includes the results of our Easyflyer, Exaprint, Pixartprinting, and Tradeprint businesses.
- *National Pen* - Includes the global operations of our National Pen business, which manufactures and markets custom writing instruments and promotional products, apparel and gifts.
- *All Other Businesses* - Includes a collection of businesses grouped together based on materiality. With the exception of BuildASign, which is a larger and profitable business, the All Other Businesses reportable segment consists of two early-stage businesses that we continue to manage at a relatively modest operating loss.
 - BuildASign is an internet-based provider of canvas-print wall décor, business signage and other large-format printed products, based in Austin, Texas.
 - Printi is an online printing leader in Brazil, which offers a superior customer experience with transparent and attractive pricing, reliable service and quality.
 - YSD is a startup operation that provides end-to-end mass customization solutions to brands and intellectual property owners in China, supporting multiple channels including retail stores, websites, WeChat and e-commerce platforms to enhance brand awareness and competitiveness and develop new markets.

Central and corporate costs consist primarily of the team of software engineers that is building our mass customization platform; shared service organizations such as global procurement; technology services such as hosting and security; administrative costs of our Cimpres India offices where numerous Cimpres businesses have dedicated business-specific team members; and corporate functions including our Board of Directors, CEO, and the team members necessary for managing corporate activities, such as treasury, tax, capital allocation, financial consolidation, internal audit and legal. These costs also include certain unallocated share-based compensation costs.

The expense value of our PSU awards is based on a Monte Carlo fair value analysis and is required to be expensed on an accelerated basis. In order to ensure comparability in measuring our businesses' results, we allocate the straight-line portion of the fixed grant value to our businesses. Any expense in excess of the amount as a result of the fair value measurement of the PSUs and the accelerated expense profile of the awards is recognized within central and corporate costs.

Our definition of segment EBITDA is GAAP operating income excluding certain items, such as depreciation and amortization, expense recognized for contingent earn-out related charges including the changes in fair value of contingent consideration and compensation expense related to cash-based earn-out mechanisms dependent upon continued employment, share-based compensation related to investment consideration, certain impairment expense, and restructuring charges. We include insurance proceeds that are not recognized within operating income. We do not allocate non-operating income, including realized gains and losses on currency hedges, to our segment results.

Our balance sheet information is not presented to the CODM on an allocated basis, and therefore we do not present asset information by segment. We do present other segment information to the CODM, which includes purchases of property, plant and equipment and capitalization of software and website development costs, and therefore include that information in the tables below.

Revenue by segment is based on the business-specific websites or sales channel through which the customer's order was transacted. The following tables set forth revenue by reportable segment, as well as disaggregation of revenue by major geographic region and reportable segment.

13. Commitments and Contingencies

Purchase Obligations

At March 31, 2021, we had unrecorded commitments under contract of \$211,311, including third-party web services of \$96,741, software of \$54,548, inventory and third-party fulfillment purchase commitments of \$18,976, advertising of \$15,058, professional and consulting fees of \$7,405, production and computer equipment purchases of \$2,430 and other unrecorded purchase commitments of \$16,153.

Other Obligations

We deferred payments for several of our acquisitions resulting in the recognition of a liability of \$44,680 in aggregate as of March 31, 2021. This balance includes the deferred payment related to the 99designs acquisition totaling \$43,691. Refer to Note 7 for additional details.

Modification of Lease Obligations

On January 6, 2021, we entered into an arrangement that modifies the lease agreement for our Waltham, Massachusetts office location, which results in us retaining a small portion of the previously leased office space in exchange for a reduction to our monthly rent payments for the space we no longer lease. As part of the agreement, we were required to pay a termination fee of \$8,761 in two equal installments. The first payment was made on January 6, 2021, and the remaining amount was paid on April 1, 2021. The termination fee is inclusive of the rent that would have otherwise been paid on the leased space through June 2021 while it remained vacant. We separately entered into a lease agreement for a new office location in Waltham, Massachusetts which will commence on June 1, 2021. Prior to the amendment, the total remaining lease commitments through September 2026 were \$64,811. Under the modified lease term, combined with the new lease arrangement, the total lease commitments through September 2026 will be \$20,183, excluding the termination penalties included above.

Legal Proceedings

We are not currently party to any material legal proceedings. Although we cannot predict with certainty the results of litigation and claims to which we may be subject from time to time, we do not expect the resolution of any of our current matters to have a material adverse impact on our consolidated results of operations, cash flows or financial position. For all legal matters, at each reporting period, we evaluate whether or not a potential loss amount or a potential range of loss is probable and reasonably estimable under the provisions of the authoritative guidance that addresses accounting for contingencies. We expense the costs relating to our legal proceedings as those costs are incurred.

14. Restructuring Charges

Restructuring costs include one-time employee termination benefits, acceleration of share-based compensation, write-off of assets and other related costs including third-party professional and outplacement services. During the three months ended March 31, 2021, we recognized restructuring benefits of \$382 due to changes in prior estimates, while during the nine months ended March 31, 2021 we recognized costs of \$1,714, due to organizational changes within The Print Group segment intended to streamline certain activities. During the three and nine months ended March 31, 2020, we recognized restructuring charges of \$919 and \$5,006, respectively, related primarily to charges within our Vistaprint reportable segment.

The following table summarizes the restructuring activity during the nine months ended March 31, 2021:

	Severance and Related Benefits	Other Restructuring Costs	Total
Accrued restructuring liability as of June 30, 2020	\$ 5,969	\$ 77	\$ 6,046

(1) Non-cash charges primarily include the write-off of property, plant and equipment, net in The Print Group segment to streamline certain activities.

15. Subsequent Event

On April 15, 2021, we announced plans to issue a senior secured Term Loan B to repay existing secured debt and bring additional liquidity onto our balance sheet. We expect this transaction to close in the fourth quarter of fiscal year 2021. The secured Term Loan B is expected to consist of a \$795,000 tranche and a €300,000 tranche,

both due 2028. We plan to use the new debt to redeem all of our 12% Second Lien Notes due 2025, repay amounts drawn under our revolving credit facility and repay all borrowings in respect of our Term Loan A under our secured credit facility. The transaction would be approximately net leverage neutral on a pro-forma basis. The Second Lien notes would be redeemed at the first call date in mid-May 2021. The Term Loan A would terminate and Cimpress would retain a \$250,000 revolving credit facility maturing in 2026.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This Report contains forward-looking statements that involve risks and uncertainties. The statements contained in this Report that are not purely historical are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, including but not limited to our statements about the anticipated growth and development of our businesses and revenues, the potential effects of the COVID-19 pandemic and our expectations with respect to our business, markets, and financial results during and after the pandemic, the anticipated effects of our investments in our business, expected cost savings resulting from changes in our real estate lease footprint, the anticipated completion of our Term Loan B financing, the planned redemption of our Second Lien Notes, sufficiency of our liquidity position, legal proceedings, and sufficiency of our tax reserves. Without limiting the foregoing, the words "may," "should," "could," "expect," "plan," "intend," "anticipate," "believe," "estimate," "predict," "designed," "potential," "continue," "target," "seek" and similar expressions are intended to identify forward-looking statements. All forward-looking statements included in this Report are based on information available to us up to, and including the date of this document, and we disclaim any obligation to update any such forward-looking statements. The Term Loan B financing may be delayed or may not close at all, and we may choose not to redeem our Second Lien Notes as planned. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various important factors, including but not limited to flaws in the assumptions and judgments upon which our forecasts and estimates are based; the development, severity, and duration of the COVID-19 pandemic; our failure to anticipate and react to the effects of the pandemic on our customers, supply chain, markets, team members, and business; our inability to make the investments that we plan to make or the failure of those investments to achieve the results we expect; loss or unavailability of key personnel or our inability to recruit talented personnel to drive performance of our businesses; the failure of businesses we acquire or invest in to perform as expected; unanticipated changes in our markets, customers, or businesses; changes in the laws and regulations, or in the interpretation of laws and regulations, that affect our businesses; our failure to manage the growth and complexity of our business and expand our operations; our failure to maintain compliance with the covenants in our debt documents or to pay our debts when due; competitive pressures; general economic conditions; and other factors described in our Form 10-K for the fiscal year ended June 30, 2020 and the other documents that we periodically file with the SEC.

Executive Overview

Cimpress is a strategically focused group of more than a dozen businesses that specialize in mass customization, via which we deliver large volumes of individually small-sized customized orders for a broad spectrum of print, signage, photo merchandise, invitations and announcements, writing instruments, packaging, apparel and other categories. We invest in and build customer-focused, entrepreneurial mass customization businesses for the long term, which we manage in a decentralized, autonomous manner. We drive competitive advantage across Cimpress through a select few shared strategic capabilities that have the greatest potential to create Cimpress-wide value. We limit all other central activities to only those which absolutely must be performed centrally.

As of March 31, 2021, we have numerous operating segments under our management reporting structure that are reported in the following five reportable segments: Vistaprint, PrintBrothers, The Print Group, National Pen, and All Other Businesses. Refer to Note 12 in our accompanying consolidated financial statements for additional information relating to our reportable segments and our segment financial measures.

COVID-19

The pandemic and related restrictions continue to have a negative impact on most of our businesses, customers and the markets that we serve. Consolidated revenue was down 18% year over year for the first two months of the third quarter due to severe restrictions in most of our markets. In March we saw a pick up in demand in markets where pandemic restrictions have been lifted or are less severe and in the second half of the month we began to lap the start of depressed demand last year. As an example of geographic differences, Vistaprint bookings in Australia grew approximately 10% for the third quarter, while bookings across European countries declined by approximately 7%. Likewise, Vistaprint bookings from customers in less restricted U.S. states such as Florida, Texas, and Georgia are recovering more quickly compared to bookings in U.S. states such as California, Pennsylvania, or New York that were more restricted. These data points give us confidence that demand will continue to pick up as activity resumes in our markets around the world. We continue to hire talent and make investments in technology, data, new product introduction, customer experience improvements, and branding that are designed to build on our competitive advantages and enable our businesses to grow as we come out of the

pandemic, although we can't forecast how long that will take. We continue to maintain flexibility in our cost structure, while at the same time increasing investment in areas we believe will generate high return on investment beyond the pandemic.

Financial Summary

The primary financial metric by which we set quarterly and annual budgets both for individual businesses and Cimpres wide is our adjusted free cash flow before cash interest expense related to borrowing; however, in evaluating the financial condition and operating performance of our business, management considers a number of metrics including revenue growth, organic constant-currency revenue growth, operating income, adjusted EBITDA, cash flow from operations and adjusted free cash flow. A summary of these key financial metrics for the three and nine months ended March 31, 2021 as compared to the three and nine months ended March 31, 2020 follows:

Third Quarter Fiscal 2021

- Revenue decreased by 3% to \$578.9 million.
- Revenue decreased by 10% when excluding the impact of currency fluctuations and acquisitions ("organic constant-currency revenue growth," a non-GAAP financial measure).
- Operating loss improved by \$72.0 million to \$15.7 million.
- Adjusted EBITDA (a non-GAAP financial measure) decreased by \$15.9 million to \$55.0 million.

Year to Date Fiscal 2021

- Revenue decreased by 5% to \$1,951.5 million.
- Organic constant-currency revenue decreased by 9%.
- Operating income increased by \$55.2 million to \$114.5 million.
- Adjusted EBITDA decreased by \$49.0 million to \$286.9 million.
- Cash provided by operating activities decreased by \$65.1 million to \$218.9 million.
- Adjusted free cash flow (a non-GAAP financial measure) decreased by \$58.7 million to \$150.9 million.

For the third quarter of fiscal year 2021, our revenue declined year-over-year as the COVID-19 pandemic continues to negatively impact our results, although results vary by segment depending on product and customer mix. Our businesses also serve customers in different geographic markets where the extent and impact of government restrictions and lockdowns vary. Revenue from event-driven and some small business products continued to decline year-over-year, partially offset by continued growth in revenue from home decor and packaging products, as well as new products introduced in reaction to the pandemic such as face masks, although the contribution from those products has lessened compared to the first six months of fiscal 2021. We expect our financial results will continue to experience volatility connected to the extent of pandemic-related restrictions but also higher rates of year-over-year revenue growth as we lap depressed periods of demand from last year.

For the third quarter of fiscal 2021, operating loss improved by \$72.0 million, primarily driven by the non-recurrence of a \$100.8 million goodwill impairment charge in the prior comparable period, as well as continued variable cost controls, fixed cost savings and lower restructuring charges, in addition to the benefit of \$3.2 million of COVID-19-related government incentives, primarily to offset wages for manufacturing and customer service team members in countries where demand decreased but roles were maintained. During the current quarter operating income was negatively impacted by \$19.9 million of lease-related impairment and abandonment charges due to changes in our intended use of two leased locations, which we expect will deliver substantial cost savings in future periods. We also increased organic investment primarily through hiring in Vistaprint.

Adjusted EBITDA decreased year-over-year, primarily due to the pandemic-related revenue decline during the three months ended March 31, 2021 as described above. Adjusted EBITDA excludes goodwill and other impairment charges, restructuring charges and share-based compensation expense, and includes the realized gains or losses on our currency derivatives intended to hedge adjusted EBITDA. The net year-over-year impact of currency on consolidated adjusted EBITDA was negative by approximately \$4.4 million.

Consolidated Results of Operations

Consolidated Revenue

Our businesses generate revenue primarily from the sale and shipment of customized manufactured products. To a much lesser extent (and primarily in our Vistaprint business) we provide digital services, graphic design services, website design and hosting, and email marketing services, as well as generate a small percentage of revenue from order referral fees and other third-party offerings. For additional discussion relating to segment revenue results, refer to the "Reportable Segment Results" section included below.

(1) Constant-currency revenue growth, a non-GAAP financial measure, represents the change in total revenue between current and prior year periods at constant-currency exchange rates by translating all non-U.S. dollar denominated revenue generated in the current period using the prior year period's average exchange rate for each currency to the U.S. dollar. Our reportable segments-related growth is inclusive of inter-segment revenues, which are eliminated in our consolidated results.

(2) Constant-currency revenue growth excluding acquisitions/divestitures, a non-GAAP financial measure, excludes revenue results for businesses in the period in which there is no comparable year-over-year revenue. Our reportable segments-related growth is inclusive of inter-segment revenues, which are eliminated in our consolidated results.

(3) The Vistaprint segment includes revenue from our 99designs business since its acquisition date of October 1, 2020.

We have provided these non-GAAP financial measures because we believe they provide meaningful information regarding our results on a consistent and comparable basis for the periods presented. Management uses these non-GAAP financial measures, in addition to GAAP financial measures, to evaluate our operating results. These non-GAAP financial measures should be considered supplemental to and not a substitute for our reported financial results prepared in accordance with GAAP.

Consolidated Cost of Revenue

Cost of revenue includes materials used by our businesses to manufacture their products, payroll and related expenses for production and design services personnel, depreciation of assets used in the production process and in support of digital marketing service offerings, shipping, handling and processing costs, third-party production and design costs, costs of free products and other related costs of products our businesses sell.

<i>% of revenue</i>	52.2 %	51.8 %	50.6 %	50.2 %

For the three and nine months ended March 31, 2021, consolidated cost of revenue decreased by \$7.6 million and \$42.4 million, respectively, due to reduced demand-dependent cost of goods sold including third-party fulfillment, material, and shipping costs in our segments that experienced year-over-year pandemic-related revenue declines. For the three and nine months ended March 31, 2021, we realized approximately \$2.2 million and \$7.9 million, respectively, of wage offset benefits from government incentives in locations where demand decreased materially but roles were maintained. These benefits were partially offset by \$2.1 million and \$7.6 million of expense incurred during the three and nine months ended March 31, 2021, respectively, related to losses associated with the decline in market demand and pricing for certain masks and related products, primarily in our Vistaprint and National Pen businesses. Changes in currency negatively impacted cost of revenue for both periods presented. Cost of revenue from our 99designs business is included from the acquisition date of October 1, 2020.

(1) General and administrative expense for the three and nine months ended March 31, 2021 includes lease impairment and abandonment charges for two leased locations totaling \$19.9 million. Refer to Note 2 for additional details.

Technology and development expense

Technology and development expense consists primarily of payroll and related expenses for employees engaged in software and manufacturing engineering, information technology operations and content development, as well as amortization of capitalized software and website development costs, including hosting of our websites, asset depreciation, patent amortization, and other technology infrastructure-related costs. Depreciation expense for information technology equipment that directly supports the delivery of our digital marketing services products is included in cost of revenue.

Technology and development expenses decreased by \$5.1 million and \$9.2 million for the three and nine months ended March 31, 2021, as compared to the prior comparative periods. Both periods benefited from decreases in costs from our fiscal 2020 reorganization of our central and Vistaprint technology teams as well as continued reductions in discretionary spend including travel and training expenses.

Marketing and selling expense

Marketing and selling expense consists primarily of advertising and promotional costs; payroll and related expenses for our employees engaged in marketing, sales, customer support and public relations activities; direct-mail advertising costs; and third-party payment processing fees. Our Vistaprint, National Pen and BuildASign businesses have higher marketing and selling costs as a percentage of revenue as compared to our PrintBrothers and The Print Group businesses.

Our marketing and selling expenses during the three months ended March 31, 2021 increased by \$5.7 million as compared to the prior comparative period, driven primarily by fluctuations in currency exchange rates. We also increased spend in our Vistaprint business due to brand sponsorships and upper-funnel advertising investment along with associated agency fees. These increases were partially offset by reductions in advertising across several of our other businesses as they continue to control advertising spend levels in line with demand.

For the nine months ended March 31, 2021, marketing and selling expenses decreased by \$8.1 million, as compared to the prior year. The decrease from the prior comparative period is primarily due to the year-over-year reduction in performance based advertising spend in our Vistaprint business of \$11.8 million, which is partially offset by increases in brand sponsorships and upper-funnel advertising investments. We also recognized a decrease in marketing costs in our National Pen business of \$8.1 million, primarily due to pandemic-related initiatives to lower costs, which included reductions to direct mail prospecting activities and cost savings from initiatives intended to reduce costs in service centers. These decreases were partially offset by negative impacts from fluctuations in currency exchange rates.

General and administrative expense

General and administrative expense consists primarily of transaction costs, including third-party professional fees, insurance and payroll and related expenses of employees involved in executive management, finance, legal, strategy, human resources and procurement.

For the three and nine months ended March 31, 2021, general and administrative expenses increased by \$17.2 million and \$6.5 million, respectively, as compared to the prior comparative periods, due to \$19.9 million of lease-related impairment and abandonment charges driven by changes in our office footprint at two leased locations. These changes to our leased facility footprint are expected to result in substantial cost savings in future periods. These increased expenses were partially offset by lower professional fees as a result of the non-recurrence of costs related to strategic projects in our Vistaprint business, as well as the Cimpress cross-border merger to Ireland in fiscal year 2020. We also realized lower discretionary spend in both periods.

Amortization of acquired intangible assets

Amortization of acquired intangible assets consists of amortization expense associated with separately identifiable intangible assets capitalized as part of our acquisitions, including customer relationships, trade names, developed technologies, print networks, and customer and referral networks.

Amortization of acquired intangible assets increased by \$0.8 million and \$1.4 million for the three and nine months ended March 31, 2021, respectively, as compared to the three and nine months ended March 31, 2020. The year-over-year increase is driven by the negative impact of fluctuations in currency exchange rates. The incremental amortization from the newly acquired 99designs intangibles was offset by the expense reduction caused by another acquired intangible asset becoming fully amortized during the second quarter of fiscal 2021. Refer to Note 7 in our accompanying consolidated financial statements for additional information about the 99designs acquisition.

Restructuring expense

Restructuring expense consists of costs directly incurred as a result of restructuring initiatives, and includes employee-related termination costs, third party professional fees and facility exit costs.

We recognized a restructuring benefit of \$0.4 million during the three months ended March 31, 2021 and an expense of \$1.7 million for the nine months ended March 31, 2021, due to actions taken in The Print Group reportable segment which are intended to streamline certain activities within the segment. We recognized restructuring expense of \$0.9 million and \$5.0 million, respectively in the three and nine months ended March 31, 2020 due to prior year actions taken in our Vistaprint business.

Impairment of goodwill

During the prior comparative periods, we recognized goodwill impairment charges of \$100.8 million. We did not recognize any goodwill impairment charges during the current periods presented. Refer to Note 6 in our accompanying consolidated financial statements for additional details.

Other Consolidated Results

Other income (expense), net

Other income (expense), net generally consists of gains and losses from currency exchange rate fluctuations on transactions or balances denominated in currencies other than the functional currency of our subsidiaries, as well as the realized and unrealized gains and losses on some of our derivative instruments. In evaluating our currency hedging programs and ability to qualify for hedge accounting in light of our legal entity cash flows, we considered the benefits of hedge accounting relative to the additional economic cost of trade execution and administrative burden. Based on this analysis, we execute certain currency derivative contracts that do not qualify for hedge accounting.

The following table summarizes the components of other income (expense), net:

<i>In thousands</i>	Three Months Ended March 31,		Nine Months Ended March 31,	
	2021	2020	2021	2020
Gains (losses) on derivatives not designated as hedging instruments	\$ 18,724	\$ 18,039	\$ (13,791)	\$ 25,730
Currency-related (losses) gains, net	(8,841)	3,950	(2,957)	3,183
Other (losses) gains	(98)	548	581	258
Total other income (expense), net	\$ 9,785	\$ 22,537	\$ (16,167)	\$ 29,171

The decrease in other income (expense), net was primarily due to the currency exchange rate volatility impacting our derivatives that are not designated as hedging instruments, of which our Euro and British Pound contracts are the most significant exposures that we economically hedge. We also recognize the impact from de-designated interest swap contracts that are no longer highly effective, which resulted in unrealized gains during the current periods. We expect volatility to continue in future periods, as we do not apply hedge accounting for most of our derivative currency contracts.

We experienced currency-related losses due to currency exchange rate volatility on our non-functional currency intercompany relationships, which we may alter from time to time. The impact of certain cross-currency swap contracts designated as cash flow hedges is included in our currency-related (losses) gains, net, offsetting the impact of certain non-functional currency intercompany relationships.

Interest expense, net

Interest expense, net primarily consists of interest paid on outstanding debt balances, amortization of debt issuance costs, debt discounts, interest related to finance lease obligations and realized gains (losses) on effective interest rate swap contracts and certain cross-currency swap contracts.

Interest expense, net increased by \$11.7 million and \$41.6 million during the three and nine months ended March 31, 2021, as compared to the prior comparable periods. This is primarily due to the additional \$200.0 million offering of our 7% senior unsecured notes in February 2020 and issuance of our \$300.0 million, 12% Second Lien Notes in May 2020.

Income tax expense

In thousands

	Three Months Ended March 31,		Nine Months Ended March 31,	
	2021	2020	2021	2020
Income tax expense (benefit)	\$ 3,927	\$ 1,039	\$ 23,675	\$ (86,641)
Effective tax rate	(11.2)%	(1.3)%	273.5 %	(214.7)%

Income tax expense (benefit) for the three and nine months ended March 31, 2021 increased as compared to the prior year. For the period ended March 31, 2020, we calculated our year-to-date income tax on ordinary income based on the actual year-to-date effective tax rate rather than the estimated annual tax rate. The increased tax expense for the three months ended March 31, 2021 was primarily due to a higher forecasted effective tax rate as compared to the actual effective tax rate for the same prior year period. In the nine months ended March 31, 2020, we recognized a discrete tax benefit of \$114.1 million related to Swiss Tax Reform. Excluding this benefit, tax expense would have decreased, primarily attributable to decreased pre-tax income for the nine months ended March 31, 2021 as compared to the same prior year period. Excluding the effect of discrete tax adjustments, our estimated annual effective tax rate is higher for fiscal 2021 as compared to fiscal 2020 primarily due to increased non-deductible interest expense and a less favorable mix of earnings. Our effective tax rate continues to be negatively impacted by losses in certain jurisdictions where we are unable to recognize a tax benefit in the current period.

We believe that our income tax reserves are adequately maintained by taking into consideration both the technical merits of our tax return positions and ongoing developments in our income tax audits. However, the final determination of our tax return positions, if audited, is uncertain and therefore there is a possibility that final resolution of these matters could have a material impact on our results of operations or cash flows. Refer to Note 10 in our accompanying consolidated financial statements for additional discussion.

Reportable Segment Results

Our segment financial performance is measured based on segment EBITDA, which is defined as operating income plus depreciation and amortization; plus proceeds from insurance; plus share-based compensation expense related to investment consideration; plus earn-out related charges; plus certain impairments; plus restructuring related charges; less gain on purchase or sale of subsidiaries.

% of revenue	20 %	23 %		24 %	27 %	

Segment Revenue

Vistaprint's reported revenue growth for the three and nine months ended March 31, 2021 was positively affected by currency impacts of 3% and 2%, respectively. When excluding the benefit from the recent acquisition of 99designs, Vistaprint's organic constant-currency revenue decline was 5% for both periods presented. The revenue decline was primarily driven by the impact of the pandemic on customer demand, partially offset by the sale of pandemic-related products, such as face masks. During the first two months of the third quarter, Vistaprint's revenue continued to be impacted in function of the severity of restrictions in the markets we serve. Revenue grew significantly year over year during the month of March 2021 as restrictions loosened in some markets and we lapped the earliest periods impacted by the pandemic in fiscal year 2020.

Segment Profitability

For the three and nine months ended March 31, 2021, the decrease to Vistaprint's segment EBITDA was primarily due to a decline in gross profit driven by the organic revenue decrease described above, as well as a revenue mix shift to lower margin products during the second quarter of fiscal 2021. For the three months ended March 31, 2021, an increase in operating expenses was driven by the acquisition of 99designs combined with increased investment in hiring, which was more than offset by year-over-year cost reductions including lower building-related costs and travel expenses.

For the nine months ended March 31, 2021, the decline in segment EBITDA was combined with increased investment in advertising which included expanded return on advertising spend targets and increases in upper-funnel advertising investments (including related agency fees) and brand-based sponsorships. Additionally, the increase in operating expenses was driven by continued hiring and increased spend related to customer experience, partially offset by technology savings from our fiscal 2020 restructuring and reduced spend for consulting projects compared to the prior year periods. For the three and nine months ended March 31, 2021, Vistaprint received \$1.9 million and \$6.8 million, respectively in government incentives to offset wages in locations where demand decreased materially but roles were maintained. Vistaprint's segment EBITDA was positively impacted by currency movements for both periods presented.

Segment Revenue

PrintBrothers' reported revenue decline for the three and nine months ended March 31, 2021 was positively affected by currency impacts of 7% and 6%, respectively, resulting in a constant-currency revenue decline of 21% for the three months ended March 31, 2021, and, excluding the impact of acquisitions, a constant-currency organic revenue decline of 17%, for the nine months ended March 31, 2021. The revenue decline was due to pandemic-related decreases in demand. In the current quarter, heightened restrictions in certain European countries, including Germany and the Netherlands, resulted in more significant impacts on demand as compared to the first six months of the fiscal year.

Segment Profitability

PrintBrothers' segment EBITDA decreased during the three and nine months ended March 31, 2021 as compared to the prior comparative periods, due primarily to the revenue declines described above. A portion of the decline in segment EBITDA driven by the revenue decline was partially offset by discretionary cost controls and government incentive program benefits of \$0.9 million and \$2.5 million for the three and nine months ended March 31, 2021, respectively. PrintBrothers' segment EBITDA was positively impacted by currency movements for both periods presented.

% of revenue	11 %	16 %		15 %	19 %	

Segment Revenue

The Print Group's reported revenue decline for the three and nine months ended March 31, 2021 was positively affected by currency impacts of 7% and 6%, respectively, resulting in a decrease in revenue on a constant-currency basis of 20% and 17%, respectively. The revenue decline was due to pandemic-related decreases in demand. Despite these pressures, our businesses have found pockets of strength in demand and pivoted quickly over the last year to deliver quality offerings to help fill in some of the reduced demand in other areas, including the launch of new products for other Cimpress businesses.

Segment Profitability

The Print Group's segment EBITDA decreased during the three and nine months ended March 31, 2021, as compared to the prior comparative periods, primarily driven by the revenue decline described above. This was partially offset by discretionary cost controls, benefits from government incentives totaling \$0.3 million and \$1.6 million, respectively, and efficiency gains from leveraging our mass customization platform to shift production to lower-cost sources. The Print Group's segment EBITDA was positively impacted by currency movements for both periods presented.

Segment Revenue

National Pen's reported revenue decrease for the three and nine months ended March 31, 2021 was positively affected by currency impacts of 3% in both periods, resulting in constant-currency revenue declines of 12% and 11%, respectively. National Pen's sales continue to be negatively impacted due to cancelled trade shows and other large-scale events. Product sales to other Cimpress businesses continued to supplement some of the lost volume from lower demand.

Segment Profitability

The decrease in National Pen's segment EBITDA for the three and nine months ended March 31, 2021 was due to the revenue decline described above. The impacts of lower revenue on National Pen's fixed cost base negatively impacted profitability in comparison to the year-ago periods, partially offset by reduced variable cost, advertising and discretionary spend. National Pen was negatively impacted by the sale of disposable masks at a loss, as well as the recognition of an inventory reserve to reduce the carrying value of all remaining disposable masks held in inventory to current market prices of \$0.8 million and \$6.2 million, respectively, for the three and nine months ended March 31, 2021. National Pen's segment EBITDA was positively impacted by currency movements for both periods presented.

(1) Our All Other Businesses segment includes the results of our VIDA acquisition from July 2, 2018 through the divestiture date of April 10, 2020.

This segment consists of BuildASign, which is a larger and profitable business, and two small, rapidly evolving early-stage businesses through which Cimpres is expanding to new markets. These early-stage businesses continue to have operating losses as previously described and as planned.

Segment Revenue

All Other Businesses' constant-currency revenue excluding the impact of acquisitions increased by 15% and 12% for the three and nine months ended March 31, 2021, respectively. This was primarily driven by continued growth at BuildASign, whose home décor and pandemic-focused signage products continued to generate strong results. BuildASign's strong execution was aided by the business increasingly leveraging our mass customization platform to drive new product introduction and improve customer experience. Revenue also grew year over year in our smaller Printi and YSD businesses.

Segment Profitability

Within the All Other Businesses segment, each business improved its profitability for the three and nine months ended March 31, 2021 as compared to the comparable periods, with the overall improvement primarily driven by revenue growth and advertising efficiency in BuildASign. Printi and YSD reduced losses through revenue growth and improved efficiency. Our divestiture of loss-making VIDA in the fourth quarter of fiscal year 2020 also contributed to year-over-year profit improvements in the third quarter of fiscal year 2021.

Central and Corporate Costs

Central and corporate costs consist primarily of the team of software engineers that is building our mass customization platform; shared service organizations such as global procurement; technology services such as hosting and security; administrative costs of our Cimpres India offices where numerous Cimpres businesses have dedicated business-specific team members; and corporate functions including our Board of Directors, CEO, and the team members necessary for managing corporate activities, such as treasury, tax, capital allocation, financial consolidation, internal audit and legal. These costs also include certain unallocated share-based compensation costs.

Central and corporate costs decreased by \$4.2 million and \$14.3 million during the three and nine months ended March 31, 2021, respectively, as compared to the prior year periods, due to lower professional fees, share-based compensation expense and discretionary spend, including travel and training costs. In addition, the lower central costs were also impacted by the prior year reorganization of our central technology team.

At March 31, 2021, we had \$36.4 million of cash and cash equivalents and \$1,384.1 million of debt, excluding debt issuance costs, and debt premiums and discounts.

The cash flows during the nine months ended March 31, 2021 related primarily to the following items:

Cash inflows:

- Adjustments for non-cash items of \$197.1 million primarily related to positive adjustments for depreciation and amortization of \$128.7 million, share-based compensation costs of \$23.1 million, unrealized currency-related losses of \$20.8 million and \$19.9 million of lease-related long-lived asset impairments
- Total net working capital impacts of \$36.8 million were a source of cash. Inventory, accounts payable, and accrued expenses inflows were partially offset by accounts receivable and other asset outflows

Cash outflows:

- Net loss of \$15.0 million
- Payments of debt of \$107.9 million, net of borrowings and inclusive of debt issuance costs
- Internal and external costs of \$45.3 million for software and website development that we have capitalized
- Acquisition of 99designs for \$36.4 million, net of cash acquired and excluding the deferred payment and post-closing adjustment that are payable February 15, 2022
- Capital expenditures of \$22.7 million of which the majority related to the purchase of manufacturing and automation equipment for our production facilities
- Payment of withholding taxes in connection with share awards of \$5.6 million
- Purchase of noncontrolling interest of \$5.1 million and distribution to noncontrolling interest holders of \$4.6 million
- Payments for finance lease arrangements of \$5.5 million

Additional Liquidity and Capital Resources Information. During the nine months ended March 31, 2021, we financed our operations and strategic investments through internally generated cash flows from operations and debt financing. As of March 31, 2021, a portion of our cash and cash equivalents were held by our subsidiaries, and undistributed earnings of our subsidiaries that are considered to be indefinitely reinvested were \$41.4 million. We do not intend to repatriate these funds as the cash and cash equivalent balances are generally used and available, without legal restrictions, to fund ordinary business operations and investments of the respective subsidiaries. If there is a change in the future, the repatriation of undistributed earnings from certain subsidiaries, in the form of dividends or otherwise, could have tax consequences that could result in material cash outflows.

As described in Note 15 of our accompanying consolidated financial statements, we expect to refinance our 12% Second Lien Notes in May 2021 at materially improved interest rates. We plan to raise a senior secured Term Loan B that would repay our existing secured debt and bring liquidity onto the balance sheet. If executed, the transaction would reduce our weighted average cost of capital, provide additional financial flexibility, and extend the maturity profile of our secured debt.

Debt. As of March 31, 2021, we had aggregate loan commitments from our senior secured credit facility totaling \$992.5 million. The loan commitments consisted of revolving loan borrowings of \$329.0 million and term loans of \$142.5 million. We have other financial obligations that constitute additional indebtedness based on the definitions within the credit facility. As of March 31, 2021, the amount available for borrowing under our senior secured credit facility was as follows:

In thousands

	<u>March 31, 2021</u>
Maximum aggregate available for borrowing	\$ 992,500
Outstanding borrowings of senior secured credit facility	<u>(471,500)</u>

Limitations to borrowing due to debt covenants and other obligations (1)	<u>(253,186)</u>
Amount available for borrowing as of March 31, 2021 (2) (3)	<u>\$ 267,814</u>

(1) The debt covenants of our senior secured credit facility limit our borrowing capacity each quarter, depending on our leverage and other indebtedness, such as notes, finance leases, letters of credit, and any other debt, as well as other factors that are outlined in the credit agreement. As of March 31, 2021, we elected to exit the Covenant Suspension Period early, and entered into an amendment to our senior secured credit agreement which reinstated modified financial maintenance covenants under the credit agreement. Refer to Note 9 in our accompanying consolidated financial statements for additional information.

(2) The amount available for borrowing reflects borrowings available for incremental debt that would increase our leverage, which is impacted by our leverage covenants. However, as of March 31, 2021, \$516.0 million of unused capacity was available to us assuming any amounts above the amount available for borrowing are used to refinance our existing second lien notes, under a leverage neutral transaction.

(3) Share purchases, dividend payments, and corporate acquisitions are subject to more restrictive covenants, and therefore we may not be able to use the full amount available for borrowing for these purposes.

Debt Covenants. In conjunction with the February 2021 amendment to our senior secured facility, we elected to exit the Covenant Suspension Period early, and entered into an amendment to our senior secured credit agreement which reinstated modified financial maintenance covenants under the credit agreement. Refer to Note 9 in our accompanying consolidated financial statements for additional information.

Other Debt. Other debt primarily consists of term loans acquired through our various acquisitions or used to fund certain capital investments. As of March 31, 2021, we had \$12.6 million outstanding for other debt payable through January 2026.

(1) Operating and finance lease payments above include only amounts which are fixed under lease agreements. Our leases may also incur variable expenses which are not reflected in the contractual obligations above.

(2) On January 6, 2021, we amended our Waltham lease agreement to reduce the amount of space leased. As part of the agreement, as of March 31, 2021, we had a remaining obligation of \$4.4 million for the lease termination penalty that was paid on April 1, 2021. We have separately entered into a lease agreement for a new office space in Waltham, Massachusetts, which will commence on June 1, 2021. The amended lease terms, combined with the new lease agreement, resulted in a reduction to total lease commitments of \$44.6 million, exclusive of the termination penalty. Refer to Note 13 in our accompanying consolidated financial statements for additional details.

(3) Other debt and interest payments include the effects of interest rate swaps, whether they are expected to be payments or receipts of cash. We have excluded the effect of interest rate swaps of \$0.5 million within the more than five years category above as that period extends beyond the term of our debt and the interest rate swaps do not yet offset contractual interest payments.

(4) We may be required to make cash outlays related to our uncertain tax positions. However, due to the uncertainty of the timing of future cash flows associated with our uncertain tax positions, we are unable to make reasonably reliable estimates of the period of cash settlement, if any, with the respective taxing authorities. Accordingly, uncertain tax positions of \$9.0 million as of March 31, 2021 have been excluded from the contractual obligations table above. See Note 10 in our accompanying consolidated financial statements for further information on uncertain tax positions.

Operating Leases. We rent office space under operating leases expiring on various dates through 2034. The terms of certain lease agreements require security deposits in the form of bank guarantees and letters of credit in the amount of \$2.4 million.

Purchase Commitments. At March 31, 2021, we had unrecorded commitments under contract of \$211.3 million. Purchase commitments consisted of third-party web services of \$96.7 million, software of \$54.5 million, inventory and third-party fulfillment purchase commitments of \$19.0 million, advertising of \$15.1 million, commitments for professional and consulting fees of \$7.4 million, production and computer equipment purchases of \$2.4 million and other unrecorded purchase commitments of \$16.2 million.

Senior Unsecured Notes and Interest Payments. Our senior unsecured notes due 2026 bear interest at a rate of 7.0% per annum and mature on June 15, 2026. Interest on the notes is payable semi-annually on June 15 and December 15 of each year and has been included in the table above.

Second Lien Notes and Interest Payments. Our senior secured notes due 2025 bear interest at a rate of 12.0% per annum and mature on May 15, 2025. Interest on the notes is payable semi-annually on May 15 and November 15 of each year and has been included in the table above. At our option, we may elect to pay interest on

up to 50.0% of the then outstanding principal amount of the notes as paid-in-kind and applied to the outstanding principal balance of the notes.

Other Debt and Interest Payments. At March 31, 2021, the term loans of \$142.5 million outstanding under our credit agreement had repayments due on various dates through November 15, 2024, with the revolving loans outstanding under our \$329.0 million revolving credit facility due on November 15, 2024. Interest payable included in this table is based on the interest rate as of March 31, 2021, and assumes all LIBOR-based revolving loan amounts outstanding will not be paid until maturity, but that the term loan amortization payments will be made according to our defined schedule and all Prime rate based revolving loan amounts will be paid within a year. Interest payable includes the estimated impact of our interest rate swap agreements.

In addition, we have other debt which consists primarily of term loans acquired through our various acquisitions or used to fund certain capital investments, and as of March 31, 2021 we had \$12.6 million outstanding for those obligations that have repayments due on various dates through January 2026.

Finance Leases. We lease certain machinery and plant equipment under finance lease agreements that expire at various dates through 2027. The aggregate carrying value of the leased equipment under finance leases included in property, plant and equipment, net in our consolidated balance sheet at March 31, 2021 is \$59.9 million, net of accumulated depreciation of \$39.9 million. The present value of lease installments not yet due included in other current liabilities and other liabilities in our consolidated balance sheet at March 31, 2021 amounts to \$27.0 million.

Other Obligations. Other obligations include deferred payments related to previous acquisitions of \$44.7 million in the aggregate. This balance includes the deferred payment related to the 99designs acquisition totaling \$43.7 million. Refer to Note 7 in our accompanying consolidated financial statements for additional details.

Additional Non-GAAP Financial Measures

Adjusted EBITDA and adjusted free cash flow presented below, and constant-currency revenue growth and constant-currency revenue growth excluding acquisitions/divestitures presented in the consolidated results of operations section above, are supplemental measures of our performance that are not required by, or presented in accordance with, GAAP. Adjusted EBITDA is defined as GAAP operating income plus depreciation and amortization plus share-based compensation expense plus proceeds from insurance plus earn-out related charges plus certain impairments plus restructuring related charges plus realized gains or losses on currency derivatives less interest expense related to our Waltham, Massachusetts office lease less gain on purchase or sale of subsidiaries.

Adjusted EBITDA is the primary profitability metric by which we measure our consolidated financial performance and is provided to enhance investors' understanding of our current operating results from the underlying and ongoing business for the same reasons it is used by management. For example, as we have become more acquisitive over recent years we believe excluding the costs related to the purchase of a business (such as amortization of acquired intangible assets, contingent consideration, or impairment of goodwill) provides further insight into the performance of the underlying acquired business in addition to that provided by our GAAP operating income. As another example, as we do not apply hedge accounting for certain derivative contracts, we believe inclusion of realized gains and losses on these contracts that are intended to be matched against operational currency fluctuations provides further insight into our operating performance in addition to that provided by our GAAP operating income. We do not, nor do we suggest that investors should, consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

Adjusted free cash flow is the primary financial metric by which we set quarterly and annual budgets both for individual businesses and Cimpres-wide. Adjusted free cash flow is defined as net cash provided by operating activities less purchases of property, plant and equipment, purchases of intangible assets not related to acquisitions, and capitalization of software and website development costs that are included in net cash used in investing activities, plus the payment of contingent consideration in excess of acquisition-date fair value and gains on proceeds from insurance that are included in net cash provided by operating activities, if any. We use this cash flow metric because we believe that this methodology can provide useful supplemental information to help investors better understand our ability to generate cash flow after considering certain investments required to maintain or grow our business, as well as eliminate the impact of certain cash flow items presented as operating cash flows that we do not believe reflect the cash flow generated by the underlying business.

Our adjusted free cash flow measure has limitations as it may omit certain components of the overall cash flow statement and does not represent the residual cash flow available for discretionary expenditures. For example, adjusted free cash flow does not incorporate our cash payments to reduce the principal portion of our debt or cash payments for business acquisitions. Additionally, the mix of property, plant and equipment purchases that we choose to finance may change over time. We believe it is important to view our adjusted free cash flow measure only as a complement to our entire consolidated statement of cash flows.

The table below sets forth operating income and adjusted EBITDA for the three and nine months ended March 31, 2021 and 2020:

<i>In thousands</i>	Three Months Ended March 31,		Nine Months Ended March 31,	
	2021	2020	2021	2020
GAAP operating (loss) income	\$ (15,697)	\$ (87,736)	\$ 114,483	\$ 59,238
Exclude expense (benefit) impact of:				
Depreciation and amortization	42,809	41,840	128,696	126,731
Proceeds from insurance	122	—	122	—
Share-based compensation expense (1)	9,545	8,908	23,071	21,983
Certain impairments and other adjustments (2)	20,563	101,976	21,131	102,736

Adjusted EBITDA	<u>\$ 55,024</u>	<u>\$ 70,908</u>	<u>\$ 286,920</u>	<u>\$ 335,941</u>

(1) The adjustment for share-based compensation expense excludes the portion of share-based compensation expense included in restructuring related charges, if any, to avoid double counting.

(2) During the three months ended March 31, 2021, we recognized impairment and abandonment charges of \$19.9 million for the change in nature of use for two of our leased locations. These impairment and abandonment charges are classified within general and administrative expense in the consolidated statement of operations. Refer to Note 2 in our accompanying financial statements for more information. We also recognized \$0.6 million of loss for the routine disposal of fixed assets and impairment of capitalized software during the three months ended March 31, 2021.

The table below sets forth net cash provided by operating activities and adjusted free cash flow for the nine months ended March 31, 2021 and 2020:

<i>In thousands</i>	Nine Months Ended March 31,	
	2021	2020
Net cash provided by operating activities	\$ 218,948	\$ 284,061
Purchases of property, plant and equipment	(22,736)	(38,638)

Adjusted free cash flow	<u>\$ 150,891</u>	<u>\$ 209,599</u>

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risk. Our exposure to interest rate risk relates primarily to our cash, cash equivalents and debt.

As of March 31, 2021, our cash and cash equivalents consisted of standard depository accounts which are held for working capital purposes. We do not believe we have a material exposure to interest rate fluctuations related to our cash and cash equivalents.

As of March 31, 2021, we had \$471.5 million of variable-rate debt. As a result, we have exposure to market risk for changes in interest rates related to these obligations. In order to mitigate our exposure to interest rate changes related to our variable rate debt, we execute interest rate swap contracts to fix the interest rate on a portion of our outstanding or forecasted long-term debt with varying maturities. As of March 31, 2021, a hypothetical 100 basis point increase in rates, inclusive of our outstanding interest rate swaps, would result in an immaterial impact to interest expense over the next 12 months.

Currency Exchange Rate Risk. We conduct business in multiple currencies through our worldwide operations but report our financial results in U.S. dollars. We manage these currency risks through normal operating activities and, when deemed appropriate, through the use of derivative financial instruments. We have policies governing the use of derivative instruments and do not enter into financial instruments for trading or speculative purposes. The use of derivatives is intended to reduce, but does not entirely eliminate, the impact of adverse currency exchange rate movements. A summary of our currency risk is as follows:

- *Translation of our non-U.S. dollar revenues and expenses:* Revenue and related expenses generated in currencies other than the U.S. dollar could result in higher or lower net income when, upon consolidation, those transactions are translated to U.S. dollars. When the value or timing of revenue and expenses in a given currency are materially different, we may be exposed to significant impacts on our net income and non-GAAP financial metrics, such as adjusted EBITDA.

Our currency hedging objectives are targeted at reducing volatility in our forecasted U.S. dollar-equivalent adjusted EBITDA in order to protect our debt covenants. Since adjusted EBITDA excludes non-cash items such as depreciation and amortization that are included in net income, we may experience increased, not decreased, volatility in our GAAP results due to our hedging approach. Our most significant net currency exposures by volume are in the Euro and British Pound.

In addition, we elect to execute currency derivatives contracts that do not qualify for hedge accounting. As a result, we may experience volatility in our consolidated statements of operations due to (i) the impact of unrealized gains and losses reported in other income (expense), net on the mark-to-market of outstanding contracts and (ii) realized gains and losses recognized in other income (expense), net, whereas the offsetting economic gains and losses are reported in the line item of the underlying activity, for example, revenue.

- *Translation of our non-U.S. dollar assets and liabilities:* Each of our subsidiaries translates its assets and liabilities to U.S. dollars at current rates of exchange in effect at the balance sheet date. The resulting gains and losses from translation are included as a component of accumulated other comprehensive loss on the consolidated balance sheet. Fluctuations in exchange rates can materially impact the carrying value of our assets and liabilities.

We have currency exposure arising from our net investments in foreign operations. We enter into currency derivatives to mitigate the impact of currency rate changes on certain net investments.

- *Remeasurement of monetary assets and liabilities:* Transaction gains and losses generated from remeasurement of monetary assets and liabilities denominated in currencies other than the functional currency of a subsidiary are included in other income (expense), net on the consolidated statements of operations. Certain of our subsidiaries hold intercompany loans denominated in a currency other than their functional currency. Due to the significance of these balances, the revaluation of intercompany loans can have a material impact on other income (expense), net. We expect these impacts may be volatile in the

future, although our largest intercompany loans do not have a U.S. dollar cash impact for the consolidated group because they are either 1) U.S. dollar loans or 2) we elect to hedge certain non-U.S. dollar loans with cross-currency swaps. A hypothetical 10% change in currency exchange rates was applied to total net monetary assets denominated in currencies other than the functional currencies at the balance sheet dates to compute the impact these changes would have had on our income before taxes in the near term. The balances are inclusive of the notional value of any cross-currency swaps designated as cash flow hedges. A hypothetical decrease in exchange rates of 10% against the functional currency of our subsidiaries would have resulted in an increase of \$3.3 million and \$14.5 million, respectively, on our (loss) income before income taxes for the three months ended March 31, 2021 and 2020 respectively.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures as of March 31, 2021. The term “disclosure controls and procedures,” as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, or the Exchange Act, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company’s management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of March 31, 2021, our chief executive officer and chief financial officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

Changes in Internal Control Over Financial Reporting

There were no significant changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the three months ended March 31, 2021 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

WHEREAS, the Company has requested that the requisite Lenders and the Administrative Agent agree to certain amendments to the Credit Agreement;

WHEREAS, pursuant to and in accordance with Section 9.02(f) of the Credit Agreement, the Administrative Agent and the Borrowers have agreed to amend the Credit Agreement in order to cure such ambiguity in the definition of "Maturity Date" on the terms and conditions set forth herein, by making clear that clause (ii) of such definition is only applicable if any Indebtedness under the Second Lien Notes Documents is actually outstanding; and

WHEREAS, the Borrowers, the Lenders party hereto and the Administrative Agent have agreed to amend the Credit Agreement on the terms and conditions set forth herein;

In respect of the Loan Documents governed by Dutch law, each of the Borrowers party thereto hereby confirms and agrees that (i) at the time of the entering into the Loan Documents governed by Dutch law, it was their intention (and it is still their intention and agreement) that any security right created under such Loan Document to secure the Secured Obligations (as defined in such Loan Document) as amended from time to time, including by the amendments as included in this Amendment, and (ii) any amount owed by the Loan Parties under the Credit Agreement as amended by and in accordance with the terms of this Amendment are part of the definition of the "Secured Obligations" (as defined in the Loan Documents governed by Dutch law), a "Parallel Debt" (as defined in Article VIII of the Credit Agreement and Section 33 of the Guaranty) and the "Corresponding Obligations" as defined in the Credit Agreement.

(c) The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Administrative Agent or the Lenders, nor constitute a waiver of any provision of the Credit Agreement, the Amended Credit Agreement, the Loan Documents or any other documents, instruments and agreements executed and/or delivered in connection therewith.

(d) This Amendment is a Loan Document under (and as defined in) the Amended Credit Agreement.

5. No Novation. This Amendment shall not extinguish the Loans or other obligations outstanding under the Credit Agreement.

6. Governing Law. This Amendment shall be construed in accordance with and governed by the laws of the State of New York. Each Borrower hereby submits to the exclusive jurisdiction of any United States federal or New York State court sitting in the City of New York in any action or proceeding arising out of or relating to this Amendment and each Borrower hereby irrevocably agrees that all claims in respect of such action or proceeding may be heard and determined in any such court and irrevocably waives any objection it may now or hereafter have as to the venue of such suit, action or proceeding brought in such a court or that such court is an inconvenient forum.

7. Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

8. Counterparts. This Amendment may be executed by one or more of the parties hereto on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. SECTION 6.06 Transactions with Affiliates. The Company will not, and will not permit any of its Subsidiaries to, sell, lease or otherwise transfer any property or assets to, or purchase, lease or otherwise acquire any property or assets from, or otherwise engage in any other transactions with, any of its Affiliates, except (a) in the ordinary course of business at prices and on terms and conditions not less favorable to the Company or such Subsidiary than could be obtained on an arm's-length basis from unrelated third parties, (b) transactions between or among the Company and its Subsidiaries not involving any other Affiliate and (c) any Restricted Payment permitted by Section 6.07.

SECTION 6.07 Restricted Payments. The Company will not, and will not permit any of its Subsidiaries to, declare or make, or agree to pay or make, directly or indirectly, any Restricted Payment, except (a) the Company may declare and pay dividends with respect to its Equity Interests payable solely in additional shares of its common stock, (b) Subsidiaries may declare and pay dividends ratably with respect to their Equity Interests, (c) the Company may make Restricted Payments pursuant to and in accordance with stock option plans or other benefit plans for management or employees of the Company and its Subsidiaries, (d) ~~solely to the extent that the Covenant Suspension Period is not in effect~~, the Company and its Subsidiaries may make Restricted Payments in an aggregate amount not to exceed the greater of (x) \$50,000,000 and (y) 2.5% of Consolidated Total Assets (determined as of the last day of the most recent fiscal quarter for which financial statements shall have been delivered pursuant to Section 5.01(a) or Section 5.01(b)) (or, prior to the delivery of any such financial statements, the last day of the last fiscal quarter included in the financial statements referred to in Section 3.04(a)) at the time of the making of such Restricted Payment, of Restricted Payments made pursuant to this clause (d) and (e) ~~solely to the extent that the Covenant Suspension Period is not in effect~~, the Company and its Subsidiaries may make any other Restricted Payment pursuant to this clause (e) so long as (i) no Default or Event of Default has occurred and is continuing prior to making such Restricted Payment pursuant to this clause (e) or would arise after giving effect (including giving effect on a Pro Forma Basis) thereto and (ii) the Leverage Ratio is equal to or less than the Applicable Restricted Payment Ratio Level after giving effect (including giving effect on a Pro Forma Basis) to any such Restricted Payment made pursuant to this clause (e). As used in the foregoing clause (e), "Applicable Restricted Payment Ratio Level" means a ratio equal to ~~3.00~~ (x) during the Covenant Adjustment Period, 3.25 to 1.00 and (y) following the Covenant Adjustment Period, 3.50 to 1.00. For the avoidance of doubt, it is hereby understood and agreed that any Restricted Payment made at a time when all of the conditions set forth in clause (e) of this Section 6.07 are satisfied shall utilize the basket set forth in such clause (e) and shall not utilize (or be deemed to utilize) the basket set forth in clause (d) of this Section 6.07.

Notwithstanding the foregoing, and for the avoidance of doubt, (i) the conversion by holders of (including any cash payment upon conversion), or required payment of any principal or premium on, or required payment of any interest with respect to, any Permitted Convertible Notes, in each case, in accordance with the terms of the indenture governing such Permitted Convertible Notes, shall not constitute a Restricted Payment; provided that, to the extent both (a) the aggregate amount of cash

payable upon conversion or payment of any Permitted Convertible Note (excluding any required payment of interest with respect to such Permitted Convertible Note and excluding any payment of cash in lieu of a fractional share due upon conversion thereof) exceeds the aggregate principal amount thereof and (b) such conversion or payment does not trigger or correspond to an exercise or early unwind or settlement of a corresponding portion of the Bond Hedge Transactions constituting Permitted Call Spread Swap Agreements relating to such Permitted Convertible Note (including, for the avoidance of doubt, the case where there is no Bond Hedge Transaction constituting a Permitted Call Spread Swap Agreement relating to such Permitted Convertible Note), the payment of such excess cash shall constitute a Restricted Payment notwithstanding this clause (i); and (ii) any required payment with respect to, or required early unwind or settlement of, any Permitted Call Spread Swap Agreement, in each case, in accordance with the terms of the agreement governing such Permitted Call Spread Swap Agreement shall not constitute a Restricted Payment; provided that, to the extent cash is required to be paid under a Warrant Transaction as a result of the election of “cash settlement” (or substantially equivalent term) as the “settlement method” (or substantially equivalent term) thereunder by the Company (or its Affiliate) (including in connection with the exercise and/or early unwind or settlement thereof), the payment of such cash shall constitute a Restricted Payment notwithstanding this clause (ii).

Notwithstanding the foregoing, the Company may repurchase, exchange or induce the conversion of Permitted Convertible Notes by delivery of shares of the Company’s common stock and/or a different series of Permitted Convertible Notes (which series (x) matures after, and does not require any scheduled amortization or other scheduled payments of principal prior to, the analogous date under the indenture governing the Permitted Convertible Notes that are so repurchased, exchanged or converted and (y) has terms, conditions and covenants that are no less favorable to the Company than the Permitted Convertible Notes that are so repurchased, exchanged or converted (as determined by the board of directors of the Company, or a committee thereof, in good faith)) (any such series of Permitted Convertible Notes, “Refinancing Convertible Notes”) and/or by payment of cash (in an amount that does not exceed the proceeds received by the Company from the substantially concurrent issuance of shares of the Company’s common stock and/or Refinancing Convertible Notes plus the net cash proceeds, if any, received by the Company pursuant to the related exercise or early unwind or termination of the related Permitted Call Spread Swap Agreements pursuant to the immediately following proviso); provided that, substantially concurrently with, or a commercially reasonable period of time before or after, the related settlement date for the Permitted Convertible Notes that are so repurchased, exchanged or converted, the Company shall (and, for the avoidance of doubt, shall be permitted under this Section 6.07 to) exercise or unwind or terminate early (whether in cash, shares or any combination thereof) the portion of the Permitted Call Spread Swap Agreements, if any, corresponding to such Permitted Convertible Notes that are so repurchased, exchanged or converted.

SECTION 6.08 Restrictive Agreements. The Company will not, and will not permit any of its Subsidiaries to, directly or indirectly, enter into, incur or permit to exist any agreement or other arrangement that prohibits, restricts or imposes any condition upon (a) the ability of the Company or any Subsidiary to create, incur or permit to exist any Lien upon any of its property or assets, or (b) the ability of any Subsidiary to pay dividends or other distributions with respect to holders of its Equity Interests or to make or repay loans or advances to the Company or any other Subsidiary or to Guarantee Indebtedness of the Company or any other Subsidiary; provided that (i) the foregoing shall not apply to (A) restrictions and conditions imposed by law, (B) restrictions and conditions imposed by the indentures governing the 2026 Senior Unsecured Notes, (C) restrictions or conditions set forth in any agreement governing Indebtedness permitted by Section 6.01(h); provided that such restrictions and conditions are customary and on then market terms for such Indebtedness and are no more restrictive (taken as a whole) than the comparable restrictions and conditions set forth in this Agreement (all as reasonably determined in the

good faith judgment of the Management Board of the Company), (D) restrictions and conditions imposed by any Loan Document or (E) restrictions and conditions imposed by any Second Lien Notes Document as in effect on the Amendment No. 4 Effective Date (or as otherwise modified in accordance with the Intercreditor Agreement) or any Permitted Second Lien Notes Refinancing Indebtedness, (ii) the foregoing shall not apply to customary restrictions and conditions contained in agreements relating to the sale of a Subsidiary pending such sale, provided such restrictions and conditions apply only to the Subsidiary that is to be sold and such sale is permitted hereunder, (iii) clause (a) of the foregoing shall not apply to restrictions or conditions imposed by any agreement relating to secured Indebtedness permitted by this Agreement if such restrictions or conditions apply only to the property or assets securing such Indebtedness and (iv) clause (a) of the foregoing shall not apply to customary provisions in leases and other contracts restricting the assignment thereof.

SECTION 6.09 Subordinated Indebtedness, Second Lien Obligations, Permitted Second Lien Notes Refinancing Indebtedness and Amendments to Subordinated Indebtedness Documents, Second Lien Notes Documents and Permitted Second Lien Notes Refinancing Indebtedness. The Company will not, and will not permit any Subsidiary to, directly or indirectly prepay, defease or in substance defease, purchase, redeem, retire or otherwise acquire in cash (including by any sinking fund or similar deposit), any Subordinated Indebtedness, any Indebtedness from time to time outstanding under the Subordinated Indebtedness Documents, any Second Lien Obligations (other than to the extent refinanced as Permitted Second Lien Notes Refinancing Indebtedness) or any Permitted Second Lien Notes Refinancing Indebtedness, other than, (i) in the case of Subordinated Indebtedness, regularly scheduled payments of interest and fees (including any penalty interest, if applicable) and payments of fees, expenses and obligations as and when due (other than payments with respect to Subordinated Indebtedness that are prohibited by the subordination provisions thereof), (ii) in the case of Second Lien Obligations or any Permitted Second Lien Notes Refinancing Indebtedness, regularly scheduled payments of interest and fees (including any penalty interest, if applicable) and payments of fees, expenses and obligations as and when due pursuant to (x) the Second Lien Notes Documents as in effect on the Amendment No. 4 Effective Date (or as modified in accordance with the Intercreditor Agreement) or (y) the documents entered into with respect to such Permitted Second Lien Notes Refinancing Indebtedness or (iii) ~~following the termination of the Covenant Suspension Period~~, prepayments, defeasements, purchases, redemptions, retirements or acquisitions of any Subordinated Indebtedness, Second Lien Obligations or any Permitted Second Lien Notes Refinancing Indebtedness, (1) in an aggregate amount not to exceed the sum of \$10,000,000 plus (2) an unlimited additional amount so long as, with respect to this clause (2) only, (I) no Default or Event of Default has occurred and is continuing prior thereto or would arise after giving effect (including giving effect on a Pro Forma Basis) thereto and (II) the Leverage Ratio is equal to or less than the Applicable Subordinated Indebtedness Payment Ratio Level after giving effect (including giving effect on a Pro Forma Basis) thereto; provided that, for the avoidance of doubt, prepayments, defeasements, purchases, redemptions, retirements or acquisitions of Subordinated Indebtedness, Second Lien Obligations or Permitted Second Lien Notes Refinancing Indebtedness may be made pursuant to this clause (2) prior to utilization of the amount set forth in clause (1) above. As used in this Section 6.09, "Applicable Subordinated Indebtedness Payment Ratio Level" means, at any time, a ratio equal to (x) the numerator of the maximum Leverage Ratio permitted under Section 6.12(a) at such time minus 0.75 to (y) 1.00. - (g) amends, modifies or adds any affirmative covenant in a manner which (i) when taken as a whole, is materially adverse to the Company, any Subsidiary and/or the Lenders or (ii) is more onerous than the existing applicable covenant in the Subordinated Indebtedness Documents or the applicable covenant in this Agreement.

Furthermore, the Company will not, and will not permit any Subsidiary to, amend any Second Lien Notes Documents or any documents entered into with respect to any Permitted Second Lien Notes Refinancing Indebtedness to make any of the following changes thereto:

- (i) increase the sum of the following to an amount in excess of the Second Lien Cap Amount (as defined in the Intercreditor Agreement) (save as a result of the operation of the terms of the form of the Second Lien Notes Indenture as of the Amendment No. 4 Effective Date): (A) the then-outstanding aggregate principal amount of the Indebtedness outstanding under all Second Lien Notes Documents or any Permitted Second Lien Notes Refinancing Indebtedness (including, if any, any undrawn portion of any commitment under the Second Lien Notes Document or any Permitted Second Lien Notes Refinancing Indebtedness) plus (B) the aggregate face amount of any letters of credit issued and outstanding under any Second Lien Notes Document or any Permitted Second Lien Notes Refinancing Indebtedness;

(b) The bank serving as the Administrative Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Administrative Agent, and such bank and its Affiliates may accept deposits from, lend money to and generally engage in any kind of business with Company or any Subsidiary or other Affiliate thereof as if it were not the Administrative Agent hereunder.

(c) The Administrative Agent shall not have any duties or obligations except those expressly set forth in the Loan Documents. Without limiting the generality of the foregoing, (i) the Administrative Agent shall not be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing, (ii) the Administrative Agent shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated by the Loan Documents that the Administrative Agent is required to exercise in writing as directed by the Required Lenders (or such other number or percentage of the Lenders as shall be necessary under the circumstances as provided in Section 9.02), and (iii) except as expressly set forth in the Loan Documents, the Administrative Agent shall not have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Company or any of its Subsidiaries that is communicated to or obtained by the bank serving as Administrative Agent or any of its Affiliates in any capacity. The Administrative Agent shall not be liable for any action taken or not taken by it with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary under the circumstances as provided in Section 9.02) or in the absence of its own gross negligence or willful misconduct as determined by a final non-appealable judgment of a court of competent jurisdiction. The Administrative Agent shall be deemed not to have knowledge of any Default unless and until written notice thereof is given to the Administrative Agent by the Company or a Lender, and the Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with any Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or in connection with any Loan Document, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth in any Loan Document, (iv) the validity, enforceability, effectiveness or genuineness of any Loan Document or any other agreement, instrument or document (including, for the avoidance of doubt, in connection with the Administrative Agent's reliance on any Electronic Signature transmitted by telecopy, emailed pdf, or any other electronic means that reproduces an image of an actual executed signature page), (v) the creation, perfection or priority of Liens on the Collateral or the existence of the Collateral or (vi) the satisfaction of any condition set forth in Article IV or elsewhere in any Loan Document, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent.

(d) The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing believed by it to be genuine and to have been signed or sent by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to be made by the proper Person, and shall not incur any liability for relying thereon. The Administrative Agent may consult with legal counsel (who may be counsel for the Company), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

(e) The Administrative Agent may perform any and all its duties and exercise its rights and powers by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all its duties and exercise its rights and powers through their respective Related Parties. The exculpatory provisions of the preceding paragraphs shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Administrative Agent.

(f) Subject to the appointment and acceptance of a successor Administrative Agent as provided in this paragraph, the Administrative Agent may resign at any time by notifying the Lenders, the Issuing Banks and the Company. Upon any such resignation, the Required Lenders shall have the right, in consultation with the Company, to appoint a successor. If no successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within thirty (30) days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent may, on behalf of the Lenders and the Issuing Banks, appoint a successor Administrative Agent which shall be a bank with an office in New York, New York, or an Affiliate of any such bank. If the Person serving as Administrative Agent is a Defaulting Lender pursuant to clause (d)(1) of the definition thereof, the Required Lenders may, to the extent permitted by applicable law, by notice in writing to the Company and such Person remove such Person as Administrative Agent and, in consultation with the Company, appoint a successor Administrative Agent which shall be a bank with an office in New York, New York, or an Affiliate of any such bank. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within thirty (30) days (the “Removal Effective Date”), then such removal shall nonetheless become effective in accordance with such notice on the Removal Effective Date. Upon the acceptance of its appointment as Administrative Agent hereunder by a successor, such successor shall succeed to and become vested with all the rights, powers, privileges and duties of the retiring or removed Administrative Agent, and the retiring or removed Administrative Agent shall be discharged from its duties and obligations hereunder. The fees payable by any Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between such Borrower and such successor. After the Administrative Agent’s resignation or removal hereunder, the provisions of this Article and Section 9.03 shall continue in effect for the benefit of such retiring or removed Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while it was acting as Administrative Agent.

(g) Each Lender and each Issuing Bank acknowledges and agrees that the extensions of credit made hereunder are commercial loans and letters of credit and not investments in a business enterprise or securities. Each Lender further represents ~~that~~and warrants that (i) the Loan Documents set forth the terms of a commercial lending facility, (ii) it is engaged in making, acquiring or holding commercial loans and in providing other facilities set forth herein as may be applicable to such Lender or Issuing Bank, in each case in the ordinary course of its business and business, and not for the purpose of purchasing, acquiring or holding any other type of financial instrument (and each Lender and each Issuing Bank agrees not to assert a claim in contravention of the foregoing), (iii) it has, independently and without reliance upon the Administrative Agent, any arranger of the credit facilities evidenced by this Agreement or any other Lender or Issuing Bank and their respective Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement as a Lender, and to make, acquire or hold Loans hereunder and (iv) it is sophisticated with respect to decisions to make, acquire and/or hold commercial loans and to provide other facilities set forth herein, as may be applicable to such Lender or such Issuing Bank, and either it, or the Person exercising discretion in making its decision to make, acquire and/or hold such commercial loans or to provide such other facilities, is experienced in making, acquiring or holding such commercial loans or providing such other facilities. Each Lender and Issuing Bank shall, independently and without reliance upon the Administrative Agent, any arranger of the credit facilities evidenced by this Agreement or any amendment thereof or any other Lender or Issuing Bank and their respective Related Parties and based on such documents and information (which may contain material, non-public information within the meaning of the United States securities laws concerning the Company and its Affiliates) as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any related agreement or any document furnished hereunder or thereunder and in deciding whether or to the extent to which it will continue as a Lender or assign or otherwise transfer its rights, interests and obligations hereunder.

SECTION 9.05 Survival. All covenants, agreements, representations and warranties made by the Loan Parties in the Loan Documents and in the certificates or other instruments delivered in connection with or pursuant to this Agreement or any other Loan Document shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of the Loan Documents and the making of any Loans and issuance of any Letters of Credit, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent, any Issuing Bank or any Lender may have had notice or knowledge of any Default or incorrect representation or warranty at the time any credit is extended hereunder, and shall continue in full force and effect as long as the principal of or any accrued interest on any Loan or any fee or any other amount payable under this Agreement or any other Loan Document is outstanding and unpaid or any Letter of Credit is outstanding and so long as the Commitments have not expired or terminated. The provisions of Sections 2.15, 2.16, 2.17 and 9.03 and Article VIII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Loans, the expiration or termination of the Letters of Credit and the Commitments or the termination of this Agreement or any other Loan Document or any provision hereof or thereof.

SECTION 9.06 Counterparts; Integration; Electronic Execution; Effectiveness. This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement, the other Loan Documents and any separate letter agreements with respect to (i) fees payable to the Administrative Agent and (ii) the reduction of the Letter of Credit Commitment of any Issuing Bank constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. This Agreement shall become effective on the Restatement Effective Date and thereafter shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. Delivery of an executed counterpart of a signature page of (x) this Agreement, (y) any other Loan Document and/or (z) any document, amendment, approval, consent, information, notice (including, for the avoidance of doubt, any notice delivered pursuant to Section 9.01), certificate, request, statement, disclosure or authorization related to this Agreement, any other Loan Document and/or the transactions contemplated hereby and/or thereby (each an "Ancillary Document") that is an Electronic Signature transmitted by telecopy, ~~e-mailed~~ emailed pdf, or any other electronic means that reproduces an image of ~~the an~~ actual executed signature page shall be effective as delivery of a manually executed counterpart of this Agreement, such other Loan Document or such Ancillary Document, as applicable. Party without further verification thereof and without any obligation to review the appearance or form of any such Electronic Signature and (ii) upon the request of the Administrative Agent or any Lender, any Electronic Signature shall be promptly followed by a manually executed counterpart. Without limiting the generality of the foregoing, ~~each of~~ the Company and each other ~~Borrower~~ Loan Party hereby (i) agrees that, for all purposes, including without limitation, in connection with any workout, restructuring, enforcement of remedies, bankruptcy proceedings or litigation among the Administrative Agent, the Lenders, the Company and the other Loan Parties, Electronic Signatures transmitted by telecopy, emailed pdf, or any other electronic means that reproduces an image of an actual executed signature page and/or any electronic images of this Agreement ~~or, any other Loan Documents (in each case, including with respect to any signature pages thereto)~~ Document and/or any Ancillary Document shall have the same legal effect, validity and enforceability as any paper original, ~~and~~ (ii) agrees that the Administrative Agent and each of the Lenders may, at its option, create one or more copies of this Agreement, any other Loan Document and/or any Ancillary Document in the form of an imaged electronic record in any format, which shall be deemed created in the ordinary course of such Person's business, and destroy the original paper document (and all such electronic records shall be considered an original for all purposes and shall have the same legal effect, validity and enforceability as a paper record), (iii) waives any argument, defense or right to contest the legal effect, validity or enforceability of ~~the Loan Documents~~ this Agreement, any other Loan Document and/or any Ancillary Document based solely on the lack of paper original copies of ~~any Loan Documents~~ this Agreement, such other Loan Document and/or such Ancillary Document, respectively, including with respect to any signature pages thereto; ~~and~~ (iv) waives any claim against any Lender-Related Person for any Liabilities arising solely from the Administrative Agent's and/or any Lender's reliance on or use of Electronic Signatures and/or transmissions by telecopy, emailed pdf, or any other electronic means that reproduces an image of an actual executed signature page, including any Liabilities arising as a result of the failure of the Company and/or any other Loan Party to use any available security measures in connection with the execution, delivery or transmission of any Electronic Signature.

SECTION 9.07 Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

SECTION 9.08 Right of Setoff. If an Event of Default shall have occurred and be continuing, each Lender and each of its Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final and in whatever currency denominated) at any time held and other obligations at any time owing by such Lender or Affiliate to or for the credit or the account of the Company, any other Borrower or any Subsidiary Guarantor against any of and all of the Secured Obligations held by such Lender, irrespective of whether or not such Lender shall have made any demand under the Loan Documents and although such obligations may be unmaturing. The rights of each Lender under this Section are in addition to other rights and remedies (including other rights of setoff) which such Lender may have. Each Lender and each Issuing Bank agrees to notify the Company and the Administrative Agent promptly after any such setoff and application; provided that the failure to give such notice shall not affect the validity of such setoff and application.

SECTION 9.09 Governing Law; Jurisdiction; Consent to Service of Process. (a) This Agreement shall be construed in accordance with and governed by the law of the State of New York.
